PRESIDENT AT CRUCIAL POINT WITH R.R. LEADERS

Representatives of Big Four Brotherhoods Charge Roads With Conducting Nation-Wide Lobby for Sentiment

RAILROADS DEMAND IRON-BOUND PACT

Wilson Is Confronted With Problem Through Threats to Fight Legislation Tending to Put Burdens on Shippers

WASHINGTON, Aug. 25.—With President Wilson and the railway presidents apparently hopelessly at loggerheads in their efforts to prevent the threatened strike, the President today stirred up excitement by suddenly calling the heads of the railroad brotherhoods to the White House.

The conference with the brotherhoods lasted an hour and a half, adjourning at noon. According to the workers' representatives, however, it left the situation unchanged. They were asked to accept no compromise, the brotherhood chiefs said, and gave the impression as they left the White House that the President might be expected to stand firmly by the proposal which they have accepted but which the railway presidents refuse.

"The situation insofar as we are concerned," A. B. Garretson, spokesman for the employees later said, "is absolutely unchanged. No complete concrete proposition to which the railroads will agree has been tendered us. Our position is exactly the same as it was when we accepted the President's plans. We have deviated from it in no way whatever."

The brotherhood men, while at the White House, placed before the President the charge that a nation-wide lobby is being conducted to influence sentiment in favor of the railroads.

They presented telegrams to show that the Northern Pacific railway is paying for favorable messages forwarded to Washington.

MESSAGES SENT OUT. The following message, the brotherhood heads said, was sent by Superintendent J. L. Deronce of the Northern Pacific to all agents of his road:

"It is highly important to get trainmen question discussed by farmers, stock raisers, dairymen and merchants. Please pass on as many of these classes as possible in your town and vicinity to send telegrams, rush, to President Wilson at Washington, urgently requesting him to settle the controversy by arbitration. Telegrams should show business of the sender. These telegrams are to be paid for from station funds and statement sent me for voucher your credit. I want you to send copies these telegrams to me by wire as soon as transmitted to the President, using our own wires for this. Might be well to have some of the most prominent signers send messages to their Congressmen and Senators in Washington in addition to those sent to President Wilson. This is very important and must be given preference over normal business today."

PROMPT ACTION SOUGHT. The pressure from their members for prompt disposal of the issue with the railroads is becoming strong, the brotherhood men told the President. W. G. Lee, president of the Trainmen's Union, showed the following telegram from brotherhood members at Whitefish, Mont.:

National conference committee of managers requesting business men of United States wire President Wilson insisting that he change attitude regarding eight-hour controversy and instigate arbitration. Brotherhood members Whitefish insist prompt action be taken to dispose of this controversy by strike. Refuse arbitration proposition for eight-hour day. The brotherhood men denied specifically that they had been asked by the President to consider possible legislation by the present Congress. "The situation is just rocking along," said A. B. Garretson of the Conductors' Union. "There will be no compromise."

WANT BINDING PACT. The railroad heads want assurances of a binding character that the increased cost of operating their lines will be met by increased revenues. The best they have been able to get is President Wilson's agreement to do "all that is possible" in case thorough investigation shows after the eight-hour day has been put in effect that the railroads are in need of relief.

U.S. Preparedness, \$645,000,000 Unprecedented Amount Allowed

WASHINGTON, Aug. 25.—Expenditure of America's sea and land preparedness measures was brought up to the unprecedented total of \$645,000,000 today when the House concurred in the Senate amendments to the army appropriation bill.

The amendments comprised the articles of war as revised by the upper house. They replaced the revision by Representative Hay which exempted retired army officers from court-martial and which caused President Wilson to veto the measure.

The army appropriation bill itself carries \$257,556,530.10. It is the last of the administration's great preparedness measures. It provides for the operation of the act, which increases the size of the regular army to 175,000 men in peace times and 250,000 in time of war and the National Guard from 127,000 to about 425,000 men.

The other preparedness appropriations which go to make up the more than half-billion total are:

Naval bill, \$313,384,212.84.

Deficiencies in army and navy establishments, \$34,523,000.

Fortifications, \$25,743,050.

Upgrade of the military academy, \$1,225,043.57.

JURORS MAKE PLEA TO SAVE PRODIGAL SON

Compton Vaughn, Soldier of Fortune, Convicted of Murder.

Guilty of murder in the second degree, with a recommendation of mercy of the court, was the verdict returned by the jury this morning in the case of Compton Vaughn, who had killed George Barnett in a construction camp near Sunol, on the morning of July 5. The jury retired to deliberate at 9 o'clock and its verdict was reached at 11:45 o'clock this morning.

Vaughn will be sentenced next Monday morning by Superior Judge J. T. Brubaker, who presided at the trial. Assistant District Attorney James A. Koford and Deputy Myron Harris conducted the case for the people and the defense was represented by Attorney R. McMurchie, who pleaded self-defense for the prisoner.

ADDITIONAL INSTRUCTIONS. Shortly before the verdict was rendered the jurors asked Judge Trabucco questions as to how far they could go with a recommendation. At that time it was reported that the jurors sided 10 to 2 and it was believed that they presented telegrams to show that the Northern Pacific railway is paying for favorable messages forwarded to Washington.

SCION OF PROMINENT FAMILY. Vaughn is a member of a well-known Southern family. His mother was the late Kate Compton Vaughn, New Orleans writer. His father was a prominent attorney in Louisiana. Vaughn is a graduate of the University of Louisiana and is 32 years of age. He was divorced by his wife nearly two years ago after he left her in Arkansas, where he had fallen in business, and gone to South America to recuperate his fortunes. He visited the Canal Zone and arrived in San Francisco last December, where he obtained employment until last May, when he went to the construction camp at the Calaveras dam project.

Last Fourth of July night he engaged in a penny ante game with fellow employees. A dispute arose over the division of the winnings and Barnett accused Vaughn of "holding out on him" and a fight started. Barnett rushed at Vaughn and Vaughn obtained a revolver and shot him. He made no effort to escape.

ARMENIAN OFFENSIVE IS APPROACHING GOAL

PETROGRAD, Aug. 25.—The new offensive movement of the Russians in Southern Turkish Armenia is being developed energetically. The war office report says:

"Our offensive west of Lake Van is continuing. In the direction of Jezous we are pursuing the remnants of the dispersed Turkish divisions."

MEXICO WILL DECREE CONGRESSIONAL VOTE

MEXICO CITY, Aug. 25.—The department of the interior is formulating a decree calling congressional elections. It probably will not be issued until all returns are in from the municipal elections to be held September 3. Those elected under this decree will organize a constitutional assembly to consider reforms in the constitution.

FREE FOR ALL FIST FIGHT ON CAMPUS

Freshmen Clash With Sophs, and Gore Flows as Battle of Undergraduates Keeps Mob of Students Busy With Blows

Fresno Lad Stands as 'Champ' for Short Moment When Melee Follows His Declaration to Lick Any Two at Time

BERKELEY, Aug. 25.—"Chp" Toomey, of Fresno, a freshman in the University of California, made a bid for fame this morning as a rival of Horatio Coccoles, Ajax and other heroes of antiquity who defied the enemy as single-handed champions. His challenge: "I'll take on any two of you," addressed to a crowd of sophomores, who had gathered in the hall in which black eyes were distributed and many a nose ran red.

Despite the edict of President Wheeler against interclass rivalry, the feeling between the sophomores and freshmen this year has been bitter. The trouble started this morning, when a group of sophomores tried to coerce a dozen freshmen to attend a social gathering.

The sophomores obtained a wagon painted green—the color—and attempted to force the freshmen to become draught animals and pull a load of second-year men up the hill to California Hall. Then out stepped "Chp" Toomey as champion of "fresh" rights and privileges.

"I'll be darned if I'll play horse for a bunch of low-brows that wandered into college by mistake," he shouted. "I'll take care of any two of you. I'll lick the whole bunch of you by pairs."

The challenge was accepted and two sophomores came forward. The freshmen could not stand by and watch such an unequal contest, and a general free-for-all followed. The affair will probably be made the subject of a faculty investigation.

POISONOUS GASES FAIL IN KOVEL OFFENSIVE

PETROGRAD, Aug. 25.—Austro-German forces before Kovel, in Volhynia, attempted to take the offensive yesterday, but the war office reports, were repulsed. The statement says: "The offensive was made by the use of Sabiki, north of the Lidia Molodchyn railway line, the Germans on Wednesday evening let loose a cloud of poisonous gas."

At midnight Thursday in the region south of Teshin, northwest of Baranovichi, the enemy, after a fierce artillery bombardment, launched an attack on our trenches. He was stopped by our advanced posts.

In the direction of Kovel, in the region of the village of Velick, the enemy made attempts to resume the offensive but was repulsed.

FRESNO FIG PACKERS THREATENING STRIKE

FRESNO, Aug. 25.—A general strike affecting more than 1000 women employed in a half dozen fig packing houses here is threatened today as a result of the walkout on the part of the women packers at the Guggenheim & Co. plant.

A reduction in the wage scale, which forces the workers to pack fourteen bricks of figs for the same price that was paid last season for a twelve-brick pack, is the cause of the trouble. They demand resumption of the old scale. The women are not organized and a meeting scheduled has not materialized. The meeting of the women was scheduled to be held in the L. W. V. headquarters.

The inventory has been in circulation with German currency and foreign trade interests in mind, the announcement adds.

GERMANY TO INVENTORY FOREIGN SECURITIES

BERLIN, Aug. 25.—The German federal council has ordered a general inventory of foreign securities held by Germans and deposited in Germany or in foreign countries. Special measures will be taken to make the inventory as accurate as possible for the guidance of the German authorities, says the Overseas News Agency announcement of today.

The inventory has been in circulation with German currency and foreign trade interests in mind, the announcement adds.

RUSS RESUME ADVANCE ON CAUCASUS FRONT

LONDON, Aug. 25.—The Russians have resumed their advance on the entire Caucasus front, following the capture of Musas, said a wireless despatch from Petrograd today. The Turks are evacuating Bitlis.

The Russian official statement this afternoon announced that the Grand Duke's offensive was being continued. In the Mosul region Russians are pursuing the remnants of a Turkish division dispersed in a battle Wednesday.

Bump on Skull Cause of Crime

Cranial Operation. Is Burglar's Reprieve

SAN DIEGO, Aug. 25.—Carroll Colley, arrested here several months ago after a bold daylight robbery, has been cured of his alleged criminal tendencies by an operation on his skull, according to the belief today of doctors who operated on him.

Arraigned in court after the hold-up, Colley was found to have a peculiar protrusion on his forehead. Physicians advanced the theory that this bump, through its reaction on the man's brain, was responsible for his alleged criminal tendencies.

Superior Judge Gentry permitted the operation and the man was removed to the county hospital, where the surgeons removed the top of his skull and opened a canal in the frontal bone.

Today the man declared he had been cured. "It was said the charge against him would probably be dismissed."

ITALIANS DRIVE FOURTEEN MILES FROM TRIESTE

General Cadorna Presses Lines Through Rugged Mountain Country.

WITH THE ITALIAN ARMY NEAR GORIZIA, Aug. 25.—General Cadorna has pressed his lines to within fourteen miles of Trieste and is gradually making progress in the difficult mountain country, where the Austrians are clinging to their positions with the utmost tenacity.

Southeast of Monfalcone the Italians have taken the Austrian second-line trenches and at some places have penetrated the third line. For several days there has been no letup in the terrific hail of shells in this sector.

Montfalcone, like other villages of the Carso, has been leveled by artillery fire. Near the city a 16,000-ton transatlantic steamer, which was designed for service between New York and Austrian ports and three torpedo boats, half completed, were blown to pieces.

At Carso, plateau is dotted with great shell craters, ruined Austrian trenches, wire entanglements, corpses of humans and horses. Great fragments of rock, torn from their bases by the artillery which preceded the capture of the plateau, are scattered about.

San Michele and San Vito, lie across shell craters filled with bodies, creating great tombs.

The opposing lines are so close together on the Carso plateau that the Germans are constantly on guard during the day time to avoid snipers' bullets.

POLICE CONTRADICTED AT GAFFENE TRIAL

SAN FRANCISCO, Aug. 25.—Contradicting the police theory that Pietro Torturici left San Francisco immediately after the killing of Blaggio Vinnato in April, 1904, Peter Lohman, a mail carrier, testified to seeing the alleged murderer two days later.

Lohman said he was intercepted at Green street and Montgomery avenue by Torturici who asked him for mail. He said James Gaffene, the suspect in custody, was not Torturici. Similar testimony was given by Pedro Brucia of 735 Columbus avenue, who belonged to the same neighborhood as Torturici, and Charles Pedoni, who supplied the Torturici family with vegetables.

PARALYSIS EPIDEMIC IN N. Y. DECREASES

NEW YORK, Aug. 25.—The epidemic of infantile paralysis showed another drop today in the number of new cases and deaths reported and health experts were more confident that the disease was being controlled. During the 24 hours ended at 10 a. m. there were only 22 deaths and 94 new cases, the lowest number in a month. Yesterday there were 31 deaths and 109 new cases.

ENGLAND PUTS EMBARGO ON AMERICAN GLASSWARE

PITTSBURGH, Pa., Aug. 25.—Glass manufacturers in the Pittsburgh district were notified today by their London agents that an order in council has been issued placing an embargo upon American table glassware.

Pittsburgh has always sold considerable quantities of tableware in England and the exports have been considerably increased since the war began.

FORMER BRITISH CONSUL RELEASED BY PERSIANS

LONDON, Aug. 25.—Col. W. T. O'Connor, former British consul at Shiraz, Persia, with other British residents of Shiraz who were taken prisoners by pro-German Persian citizens last November, have been released. Colonel O'Connor has reached Bushire and reports that he is in good health.

Nothing has been known of the fate of Colonel O'Connor since he was seized and taken into the mountains.

Austrian Commander Dismissed From Army

BERNE, Switzerland, via London, Aug. 25.—Wireless news from Austria says that a court martial at Kingenfurt has sentenced General Riedel in command at Gorizia when the city was captured by the Italians, to dismissal from the army and loss of his rank and pension.

VICTORY IN DEFEAT FOR TEACHERS

Technical Rule Against Present Action Opens Way for Final Success When Constitutional Point Is Properly Presented

Regulation of Elected Directors Declared Unreasonable and Unfair by Three Judges in Deciding "Marriage" Case

Indicating that the Oakland school teachers would win their contest against the board of education if the constitutionality of the board rule respecting married women is squarely presented to the court for decision, Judges Waste, Trabucco and Farmer, sitting in the superior court this morning in the case of Mrs. R. D. Nason and Mrs. A. R. Catania, declared the attempted arbitrary dictation of temporarily elected school directors as to the civil status of women employees in the department to be "unfair, unreasonable and unconstitutional."

SUSTAIN BOARD. While this was announced as merely a gratuitous opinion of the judges, the court ruled against the present action filed by the attorneys for the teachers, sustaining the board on the only point presented—the time of notice given the teachers before dismissal. This the court ruled, was in conformity with the State law, although not in accord with the city charter provision. The weight of authority was given the State law.

The matter before the court resolved itself into the question as to whether the city charter provisions should prevail in reference to the discharge of teachers. The court held that decisions of the Supreme Court are to the effect that where the city charter conflicts with the state law the latter shall prevail.

The petitioners protested that they had not been served with sixty days' notice as provided in the city charter. The state law as set forth in section 1617 of the Political Code provides that only twenty days' notice is necessary when given the length of time before the termination of a new school term. In this particular, the court pointed out that the required notice had been given.

UNFAIR. "The motive for the discharge is immaterial," the court held. "The Board of Education employs the teachers and it is not presumed that they are employed for life, but that they are subject to discharge at the hands of the board."

"The rule precluding married women as teachers is unfair, unreasonable and unconstitutional, but in this case that is not an issue. While no notice of appeal was given today, it is probable that the cases will be passed up to the higher court, transcripts having been asked."

BANKER MORTIMER MAKES ALIMONY SETTLEMENT

Frank Mortimer, former Berkeley bank cashier, today appeared before Superior Judge Trabucco and agreed to pay his wife, Grace Mortimer, \$50 a month alimony, pending the outcome of her divorce action. He also agreed to pay \$100 attorney's fees. Several weeks ago Mortimer testified that he was in financial straits and could not see his way clear to make alimony payments.

GUARD CAPTAIN KILLED; WOMAN IS ARRESTED

MACON, Ga., Aug. 25.—Captain E. J. Spratt, F. Company, Fifth Infantry, N. G. of Georgia, was shot and killed in front of his tent at the State mobilization camp near here. Mrs. H. C. Adams of Atlanta was arrested on the statements of several officers and men that she shot the militia officer. She declined to make any statement.

BRITISH FIRM FINED FOR IGNORING BLACKLIST

LONDON, August 24.—George Hill and Company, London merchants, were today fined 25 pounds and ten guineas costs for trading with a Dutch firm, which is on the blacklist of the British government comprising firms with which the British subjects are not permitted to trade.

WOMEN ARE RESCUED FROM MOUNTAIN STORM

SAN BERNARDINO, Aug. 25.—Mrs. Carroll B. Smith and two companions, Mrs. Mary E. Smith and Mrs. J. W. Redlands, were rescued today and brought here by a searching party after being lost during a storm nearly twenty-four hours in the San Bernardino mountains. They were exhausted when found along Mill creek.

DUELLIST CAPTURED AFTER FATAL AFFRAY

CHICAGO, Aug. 25.—Frank Carney, 26, who shot and killed Michael McDonough, 55, in a gun duel here last night, which culminated a long feud of pistol and knife battles, was arrested today. Police say he claimed he shot in self-defense.

COTTON MARKET LEAPS AS TRADING FLURRIES

NEW YORK, Aug. 25.—On the most active and excited trading since the outbreak of the European war, the cotton market today recorded an advance of approximately 22 per bale. Apprehensions of a depreciated prop appearance to the cotton because of drought in the southwest.

Supermen to Be Product of U. S. Theosophists Predict Future of Race

ST. LOUIS, Aug. 25.—Virtually all the delegates to the national convention of American Theosophists here today agreed with Albert H. Warrington, president of the association, that a race of "supermen" is coming.

The "supermen" will be the product of the great American melting pot and the plains of the western United States and Australia, according to Warrington. The "supermen" will be the product of the fusion of the best of the rest of the United States, will have no part in the production of the new race. Warrington placed the "supermen" in that section of the country "just east of the Alleghenies."

"The new race of 'supermen' will play 'hunches' on all great decisions," said Warrington. "Their religion will be the brotherhood of men. They will have the transmigrated souls of the soldiers killed in the European war. They will be the purest because they are those of men who unselfishly gave their lives for an idea."

"A great religious teacher of the Church of Christ will lead the new race. This new leader will be produced in India immediately after the European war and will spend his time in the United States and Australia."

GERMAN COUNTER ATTACK AGAINST MAUREPAS FAILS

British and French Lines Now Within Two Miles of Combles.

PARIS, Aug. 25.—The French gains on the Somme front in the vicinity of Maurepas yesterday were followed by a heavy German counter-attack last night. The official report issued today says the Germans were repulsed with heavy loss.

One German assault was delivered against hill 121, near Maurepas. Heavy shelling of the German lines continues in the region of Lassigny and Roye.

Yverdon front the Germans attacked heavily in the night, but were unsuccessful.

The capture of Maurepas brings the French and the English advanced lines on the Somme to within two miles of Combles, the advance on which is greatly aided by this forward movement. Maurepas formed one of the principal shipping points between the Somme and the Humber, and was an important strategic base by reason of its situation on a plateau dominating the region toward the south.

The Germans have placed on the line against the French between Hardecourt and Clercy the fifth division of Bavarian reserves and the first division of the Prussian Guards. This guard division, commanded in person by Prince Eitel-Friedrich, second son of the German Emperor, took part in the fighting at Maurepas. Gullemond, where the English have made progress is being defended by the King's Wilhelm II regiment of Wurtemberg.

BERLIN, Aug. 25.—The capture of Maurepas, on the Somme front, by the French is recorded in the official announcement of today.

British attacks between Thiepval and the Pourtaux wood broke down, with heavy British losses. North of Ovillers the Germans abandoned demolished trenches.

SPANISH TOWNSPEOPLE SHOT ON FRANCO BORDER

PARIS, Aug. 25.—The shooting down by soldiers of a number of citizens of Gerona, Spain, capital of the Catalonia province of that name, is reported by the Havas correspondence. Terpinagan, on the Franco-Spanish frontier. A number of the townspeople of Gerona, returning from protesting to the civil governor against the insulting conduct of officers and non-commissioned officers, says the despatch, were fired on in the principal promenade of the city, officers and non-commissioned officers firing the shots. Two citizens were killed and eighteen wounded.

General Alfau, captain general of Barcelona, has removed the military governor of Gerona and placed him under arrest, adds the despatch.

GERMAN SUGAR TONNAGE WILL EXCEED LAST YEAR

BERLIN, Aug. 25.—Germany's sugar production this year will exceed that of 1915, according to statistics now available, by about 300,000 tons. The yield indicated between 1,700,000 and 1,800,000 tons.

Kaiser Congratulates Crew of Submersible

AMSTERDAM, Aug. 25.—According to a despatch received here today from Berlin, Emperor Wilhelm has sent the following telegram to the owners of the submarine Deutschland:

"With sincere pleasure, I have just received news of the safe return of the submarine liner Deutschland, and heartily congratulate the owners and builders of the vessel, and the brave men under Koening's command. The message also expresses the intention of the emperor to bestow decorations on members of the Deutschland's personnel."

SUBMARINE CAPTAIN'S WIFE IS IN ENGLAND

BALTIMORE, Aug. 25.—Henry G. Hilken today confirmed the story that Captain Koening's wife is an English woman, now living in England with their two children. "They are living in a suburb of London," said Hilken.

"Shortly after the outbreak of the war Captain Koening and his wife agreed that it would be best for Mrs. Koening and her children to live in England. But there have been no family differences," he continued.

BREMEN IS CAPTIVE OF BRITISH, IS ASSERTION

Cargo Carrier Entangled in Steel Nets in Dover Straits, According to Passenger Arriving on New York Liner

TWO OF CREW KILLED; OTHERS ARE PRISONERS

Story Kept Secret So That It Would Be Possible for English to Intercept One More Craft U. S. Bound

NEW YORK, Aug. 25.—The New York City News Association quotes "an officer of the British marine," who arrived here today aboard the White Star steamship Baltic, as authority for the statement that the German submarine Bremen has been captured by the British and thirty-three of her crew of thirty-five made prisoner.

The Bremen, according to the account, was captured in the Straits of Dover in a steel net August 2. Two members of her crew lost their lives.

The Bremen, it was said, was enmeshed in the net, was sighted by a British patrol boat, her stern under water. After endeavoring for a time to extricate the wreck, the patrol boat steamed away for Dover, with her prisoners.

According to the officer quoted, the British government has maintained silence in regard to the capture, as another German trans-Atlantic submarine, the Amerika, was said to be on the way here and it was hoped to capture her also.

DEUTSCHLAND PLANS FOR SECOND VOYAGE

BERLIN, Aug. 25.—Preparations for the submarine Deutschland's next trip to the United States have been almost completed. The cargo is entirely ready and according to shipping men is much larger than they expected. The crew that returned Wednesday night from the first trip expressed their willingness to enroll for another voyage.

President Lohmann of the Ocean Company met the Deutschland off Heligoland, it was learned today. He was greeted by Captain Koening when he boarded the submarine.

Kaiser Congratulates Crew of Submersible

AMSTERDAM, Aug. 25.—According to a despatch received here today from Berlin, Emperor Wilhelm has sent the following telegram to the owners of the submarine Deutschland:

"With sincere pleasure, I have just received news of the safe return of the submarine liner Deutschland, and heartily congratulate the owners and builders of the vessel, and the brave men under Koening's command. The message also expresses the intention of the emperor to bestow decorations on members of the Deutschland's personnel."

SUBMARINE CAPTAIN'S WIFE IS IN ENGLAND

BALTIMORE, Aug. 25.—Henry G. Hilken today confirmed the story that Captain Koening's wife is an English woman, now living in England with their two children. "They are living in a suburb of London," said Hilken.

"Shortly after the outbreak of the war Captain Koening and his wife agreed that it would be best for Mrs. Koening and her children to live in England. But there have been no family differences," he continued.

DEATH RING THREATENS OAKLANDER

Nicholas Haberle, 55 Rio Vista Avenue, Recipient of Notes Demanding \$5000 or Suffer Destruction of Home by Gang

Fiends Pen Flaring Warning, Signed by "Bloody Nine," Asking Fortune; Work Believed Scheme of Extortion

A mysterious threat, signed by the "Bloody Nine," to kill Nicholas Haberle, a driver of 55 Rio Vista avenue, and to destroy his home unless he leaves \$5000 in a pumhouse in the rear yard of his home, is being investigated by the police today. Captain of Inspectors L. F. Agnew has detailed two plain clothes men to run down the gang who are believed to be members of a ring of extortionists who have been operating in Oakland for the past several months.

The threats against Haberle's life and property are contained in two notes which he found posted on the fence surrounding his home late last night. Both are written in growlingly suggestive red ink, the letters being printed grotesquely. One note reads:

DEATH THREATS.
"Beware! Your life is in danger of being ended. Leave \$5000 in water tank in back yard or beware of the double crosses. Your house will be blown up at 12 o'clock Wednesday night."

The other note was found a short distance from the first. It reads:
"Beware! Look out, for your house will be blown up. Bloody Nine."

The notes were written on coarse wrapping paper and the police are comparing the handwriting to that on other notes which have been left at the homes of

Germans Cling to Ruins Wicked Work in Somme British Death Herald

WITH THE BRITISH ARMIES IN FRANCE, Aug. 24, via London, Aug. 25.—There has been murderous work on both flanks in the Somme region, with every stage of the British progress, the fighting seems to become more bitter and the artillery fire hotter. On the left the Germans fired at Thiepval and on the right still cling to Guillemont, which, of all the ruined villages, now is most completely pestered by shell fire.

The repulse last night of a German attempt to drive the British out of the edge of Guillemont and the neighboring stone quarry was one of the most sanguinary since the war began. Tonight the British have been making further progress east of Dik, the wood and further tightening the pincers on Ginchy and Guillemont.

This afternoon they pressed forward another lap toward Thiepval and observers witnessed another artillery curtain of fire which utterly silenced the German machine guns as the British charge picked its way among shell craters for 400 yards up a hillside, entering the German trench and sending

back the usual bunches of German prisoners. All was seen clearly as if on a stage and viewed from a gallery, even to the detail of men standing on the edge of the trench and throwing bombs as they might toss biscuits into a basket. Clearing out the snipers, plodding ahead with their supplies of bombs and carrying their light machine guns, and persistent line of infantry, under the cover of the continuous blasts from their own guns and in the midst of bursting shells of the enemy, never faltering, reached the very top of the ridge at one point for a front of 1900 yards.

They were within only 500 yards of the pulverized remains of what once was the village of Thiepval, which has become the highest of the high ground names to hundreds of thousands of men. Meanwhile the British kept on sending 16-inch shells into the Thiepval area and into the German dugouts which lie deep under the wreckage of houses. Spouts of dust and smoke rose to the height of 200 feet, and what looked like the bodies of soldiers were tossed about.

Phones Shark, Central Laughs, Gets Party

NEW YORK, Aug. 25.—The telephone operator at the Hotel Majestic was puzzled when a strong masculine voice called over the wire:

"Hello, Majestic, I want to speak to a shark, please."

"Off a little," the operator said to herself. Then she replied aloud:

"Sorry, sir, but the head porter has just taken all the sharks for a stroll in Central Park."

"See here," came the voice, "I'm in earnest; I want to talk to A. Sharke."

In despair the operator connected the anxious inquirer with the desk. The clerk listened for a moment and then called:

"Boy, page Mr. A. Sharke of Hamilton, Ohio."

other Oaklanders in the past few months, threatening their lives and property if money is not left for the threatening ones.

WATCH KEPT ON HOME.
Haberle is at a loss to account for the threatening messages. He has told the police that he knows of no enemies who might thus threaten him. A watch is to be kept on the premises to prevent any attempt to place a bomb or infernal machine in the house between now and Wednesday night of next week, at which time, according to one of the notes, Haberle's home is to be destroyed in the event he has not left the requested \$5000 in the tank house in the meantime.

The red ink with which the characters are printed was obviously used as a substitute for blood as a writing fluid. None of the words in either note were written out in long hand, none but printed characters being used in an obvious attempt to disguise the handwriting of the perpetrators.

Ship Purchase May Not Solve Wheat Problem

MELBOURNE, Australia, Aug. 25.—The government's purchase of fifteen large steamships in England to be operated by the commonwealth in the movement of Australian wheat to Europe will not go far towards solving the problem. The steamers have a total cargo capacity of 120,000 tons, but it is doubtful if they can make more than two trips each to Europe before the end of the year, and this will dispose of only 9,000,000 bushels of the huge quantity of the cereal that is awaiting shipment here.

Australia has almost 100,000,000 bushels of wheat stored in sheds or beginning to sprout in stacks where storage is unavailable in country railroads and the commonwealth's next wheat harvest is already in sight to further complicate the problem.

The government's purchase of the steamers is hailed by the Labor party with gratification, for the establishment of a government owned fleet has long been a plank in its platform.

SCHOOL LABOR ENDS.
Resolutions of appreciation of the thirty-seven years of service rendered by Miss Julia Colby were adopted by the Board of Education last night. Miss Colby resigned from the department at the beginning of this year's term after thirty-seven years' continuous service as a teacher and principal. She was principal of the Clawson school when she left the employ of the city.

OFF FOR TRIAL.
Steven Ruby is on his way back to Fort Scott, Mo., today, where he will undergo an army trial for desertion. Ruby was taken into custody by Officer C. A. Taggart at 575 Eleventh street, after the policeman had recognized him from a descriptive circular sent out by the army authorities.

GRAND SHERIFF IS FOMENTING REVOLT

Renounces Ottoman Rule and Calls on Brothers for Action.

LONDON, Aug. 25.—The grand sheriff of Mecca, chief magistrate of the holy city, who announced his independence of Ottoman rule in June and, supported by Arab tribes, captured the Turkish garrisons of Mecca and several other cities, has proclaimed a definite rupture between orthodox Mohammedans and those represented by the committee of union and progress, which is now in power in Turkey. In his proclamation, as forwarded from Cairo by Reuter's correspondent, the grand sheriff denounces Enver Pasha, Talaat Bey and Djemal Pasha, Young Turk leaders, staunch supporters of Germany and among the most powerful figures in Turkey. Djemal Pasha is commander of the Turkish forces in Syria and is reported to have adopted severe measures to crush the revolution.

The proclamation of the grand sheriff, addressed to "All Moslem brothers," follows:

"We were one with the government until the unionists appeared. Since then ruin has overtaken the state, which now has been drawn into this fatal war. We bore with the unionists notwithstanding their departure from the precepts of religion until it became apparent that Enver Pasha, Djemal and Talaat Bey absolutely ruled Turkey, doing whatever they pleased. On one day they hanged twenty-one of the most honorable and enlightened Moslems, while children, old men and delicate women were bereaved of their natural protectors and subjected to foul usage, even torture. What stronger proof of their faithlessness is needed than the bombardment of holy places, such as Abraham's tomb and the killing of persons praying within a mosque."

God has opened the way to independence and freedom for us. Our independence is complete and absolute. Our aim is preservation of Islam."

NOLAN IS CHOSEN DIRECTOR.
George V. Nolan has been elected to the board of grand directors at the Grand Council of the Young Men's Institute, which concluded its session at San Francisco today. Nolan is district deputy of the Oakland-Richmond district of the institute.

CRIMINAL INCOMES ONLY \$6 PER YEAR

Kansas Convict Demonstrates Thievery Is Poor Business.

TOPEKA, Kan., Aug. 25.—The thieves of Kansas have decided that a life of crime in the Sunflower state will never pay much. By actual statistics they have learned that it is practically impossible for a burglar, embezzler, a robber (highway or bank), a thief (snack or brazen), or a pickpocket on land or sea, to make a decent living out of the Kansas commonwealth. Six dollars a year is shown to be the height of soft pickings in this terrible climate.

John Durand, a prisoner in the Kansas penitentiary, has estimated the entire matter in black and white and has seven years left to experiment with the sliding scale. After talking with all of the five hundred prisoners copped for careless conduct with strangers' money Durand related to a small room equipped with bars to prevent interruption and developed the fact that the big six before mentioned is what the hard working criminal gets free and clear every time he places him in the conservatory.

The Durand flock of figures shows that the average haul is \$39 and that \$21 of this is recovered by the owners before the chase is completed. The \$18 remaining is all that pays the arrested man for the three and a half years' term that ordinarily awaits him. Counting good behavior allowance on time, his average income is then \$6 a year.

"Bullet Protector" Sellers in Court

VIENNA, Aug. 25.—The Austrian authorities have been making an apparently ineffectual fight against an alleged "bullet protector" that is widely sold, but which it is claimed is dangerous rather than helpful in any way.

The "protector" is nothing but a curved piece of metal that is hung about the neck inside the tunic, and which, its producers claim, will stop or lessen the force of a bullet fired at long range. In practice, the authorities claim, it is merely a menace because a bullet at short range—as most of them are—will often carry bits of the metal on into the body.

Some half a dozen dealers in the "protector" were held before the courts recently on the charge of endangering public safety. Each claimed that the metal shields will stop bullets fired at a thousand yards or more. They established satisfactorily that they never had sold the shields under any other pretense, and therefore could not be held for fraud.

CRUELITIES TOO MANY, SAYS LANGE

Contractor Seeks Divorce From Los Angeles Woman; Complaint Secret.

Charles E. Lange, wealthy contractor and former manager of the Park Gate apartments in Grand avenue, today commenced suit for divorce from Kathryn M. Lange, whom he charges with "successive cruelties," according to his attorney, of such a nature that the complaint has been placed in obscurity pending the court hearing.

Mrs. Lange was formerly a Los Angeles girl. For some time she and her husband lived in the Park Gate apartments, which he constructed. There are two children. None of the five attorneys connected with the case would discuss the matter beyond the fact that Lange changed a "succession of cruelties."

Complaining that although her husband was at home only six months each year he spent most of that time getting intoxicated, Corn Sharp has commenced suit for divorce from John B. Sharp, an employee of the Alaska Packers Association. She seeks to obtain one-half of his salary for the present season. Sharp was employed at Bristol Bay and received \$24 a month, his wife states.

George Lema, 1712 Webster street, Alameda, complains that his wife Isala threw cooking utensils at him and told him that she did not want to live with him any more, so he wants a divorce.

MRS. PEARL CHASE DEAD.
Mrs. Pearl Chase, wife of a physician at 935 Fifty-seventh street, died this morning at Fabiola hospital after a brief illness. She was stricken on a Santa Fe train on the way to Oakland from Los Angeles.

Archbishop Spalding's Condition Unchanged

PEORIA, Ill., Aug. 25.—Archbishop John L. Spalding's condition was unchanged today. While it is not admitted publicly by the family of the archbishop or by his physician, it is known that the prelate's condition is exceedingly grave. He is 76 years old and it cannot be said that much hope is held out for his recovery.

OAKLAND

WYOMING IS INVADED BY GOV. HUGHES

LARAMIE, Wyo., Aug. 25.—Charles E. Hughes' trip across the continent and back will end September 11 at Syracuse, N. Y., where he will speak at the state fair, according to plans tentatively adopted today. Hughes will then take a rest of two or three days and Bridgehampton, N. Y., and start on his second trip. The itinerary of this trip has not been planned. Hughes is desirous of going to Texas and making a number of speeches along the border and through the South.

Plans tentatively adopted today provide for addresses at York Harbor, Me., on the afternoon of September 7, and at Portland, Me., that night. It is probable that the nominee will make addresses in Connecticut and Massachusetts.

Today Hughes' tour took him into Wyoming. His one set speech of the day was scheduled at Cheyenne late this afternoon, but he made a couple of brief talks at various smaller cities en route. The theme on which he dwelt with most emphasis in all these speeches was the necessity for unification of effort and co-operation of endeavor in government.

SALT LAKE CITY, Aug. 25.—Charles E. Hughes, speaking before an audience that crowded every available foot of space in the great Mormon tabernacle here last night, assailed the administration for "specious disregard" of the civil service regulations in making appointments, declared that he would extend its sphere, if elected.

Republicans who arranged the meeting had sent invitations to a number of leading Democrats. Simon Bamberger, Democratic candidate for governor, sat on the platform next to Francis M. Lyman, president of the Apostles of the Mormon church. Near by sat Anthony H. Lund, first counselor of the presidency of the church. W. H. King, Democratic candidate for United States Senator; Mathonah Thomas, Democratic state chairman, and other Democratic leaders were present.

Wyomen Hughes started to speak the audience stood up and cheered for two minutes. The nominee said in part:

We have had under this administration a law after law enacted providing for the creation of thousands of places with provisions to the effect that it should not be necessary in making the appointments to conform with the merit system. It is another way of saying they need not be made under civil service regulations.

EXCUSES DECEIVE NO ONE. Spurious excuses were made, and they deceived no one. Every one of those excuses designed to make inapplicable the merit system was simply designed to afford an opportunity to provide partisan and political spoils. We must sedulously guard against that. So far as I am concerned, the operation of the merit system will be recognized and extended in order that we increase the standard of public work, that we elevate those standards, that we may have efficiency in the public service.

Hughes referred to claims of all candidates that they want efficiency in government.

REFERS TO HIS RECORD. I should not expect you would think what I say worthy of special attention, he said, were it not that I have devoted four of the best years of my life, regard-

BILL WAS BLOCKED, IS OWEN'S CHARGE

WASHINGTON, Aug. 25.—Republican senators are accused by Senator Owen, Democrat, of a deliberate effort to prevent action before the November election on his corrupt practices bill, which would put strict limitations on campaign contributions. Then the Oklahoma senator announced that he would make an insistent fight to bring up the measure at this session of Congress regardless of consequences to early adjournment plans. He declared the existing campaign contributions law was a fraud on the American people, charged that the so-called lumber trust had sent \$10,000 into Oklahoma to defeat his renomination because he voted to deny William Lorimer a seat in the Senate, and precipitated a lively debate in which Republican and Democratic senators bitterly accused each other of planning to buy the approaching election.

All the carefully laid plans of Senate leaders to make possible an adjournment of Congress late next week were threatened when Senator Owen announced that he was ready to stay here until winter to pass the bill if Republicans attempted to filibuster. He said he would make a motion to take it up as soon as the revenue bill was passed. Last week Democratic leaders thought they had enough votes to defeat such a motion pledged from senators who desire an adjournment. Whether Senator Owen's sensational presentation of his plea for action has changed that situation is problematical. Should his motion prevail, Republican leaders say a prolonged fight will be made on the measure, which they insist is impracticable and impossible of enforcement in its present form.

Plan to Adjourn Congress This Week

WASHINGTON, Aug. 25.—Administration leaders in Congress were today planning adjournment next Friday or Saturday. Senator Simmons, chairman of the finance committee, said he believed it could be done unless unforeseen developments arose.

less of politics, to maintaining those ideals in the Empire state. The nominee referred to the administration's policy toward the Philippines.

We have talked too much about our privileges, he said. "It is now time to talk about our obligations. If our friends on the other side had a proper sense of the obligations of this government they never would have proposed that we scuttle out of the Philippines and leave them to take care of themselves."

I propose that we shall have in the administration of the Philippines the highest standard of efficiency and fair dealing. Fundamentally, the question is one of national honor. We took the Philippines under a sacred obligation. It is our duty to discharge that obligation and I propose that we hold the flag of the United States before the world as the flag which never betrays a trust.

TALKS ON PREPAREDNESS. Of preparedness, Hughes said: We are not militaristic. Why, you couldn't get up a militaristic spirit in this country if you sent out a team of organizers to do so. We propose, however, to be ready for any emergency and have our words taken at their full value."

The nominee repeated his assertion that the regular army should be large and efficient enough to do border duty, such as is now being done by the National Guards, and the navy adequate to protect both coasts.

The nominee repeated his condemnation of "pork barrel" legislation. "The other day I pointed the finger of scorn at the pork barrel bills passed under this administration," he said, "and immediately there was a flutter of the big birds in the halls of Congress."

Democrats Yield To Big Protest Senate Finance Body Alters Tax Plan

WASHINGTON, Aug. 25.—Democrats of the Senate finance committee today, yielding to protests from all parts of the country, struck out of the emergency revenue bill the proposed stamp tax on insurance policies, which proposed a tax of 1/2 cent on each dollar of premium on all policies, including life insurance.

SAN JOSE GIVES BOOTH GREETING

SAN JOSE, Aug. 25.—Hon. Willis H. Booth, the Republican candidate for United States Senator, was accorded a warm welcome during his stop over in San Jose. Booth was met at San Francisco by Hon. J. O. Hayes, who accompanied him to this city. Through the management of the Republicans a representative committee, comprised of many of the prominent Republicans of Santa Clara county, assembled at the waiting room of the Southern Pacific station, where they formed themselves into a formal committee to greet Booth when he alighted from the train. He was accompanied by this committee to the St. James Hotel, where arrangements had been made to receive him.

The keen interest shown in this matter and the readiness with which those requested accepted the invitation to constitute a committee shows that the latent Republican strength in Santa Clara county is being rapidly developed into a militant force. The reception to Booth was informal. Those who were at the reception expressed themselves as being very favorably impressed with Booth's manner and fully determined to leave no effort unexpended to get out a full vote at the primaries next Tuesday. The following constitute the committee:

Chairman, J. O. Hayes; vice-chairman, Judge Charles Davidson, ex-mayor; vice-chairman, Henry Ayer, supervisor; vice-chairman, Charles E. Bardwell Jr., Booth manager; vice-chairman, Daniel R. Hayes, assemblyman; vice-chairman, W. S. Clayton, First National Bank; R. R. Robinson; W. L. Atkinson, city councilman; E. A. Emmons, county organizer; Dr. William Simpson, George Parkerson, J. W. Cook, W. H. Strickland, Morning Mercury; Harry Orcutt, Oakland TRIBUNE; T. V. Brown, Republican candidate for assembly.

The congressional situation in the Eighth district continues to present itself favorably for the Republican nominee, E. A. Hayes. Each day the ward, district and precinct workers of the organization report an increasing tendency on the part of Republicans, without reference to the past, to cast their future lots with the party and support its nominees from president to the minor offices. In the local contests the organization candidates show every evidence of success.

Predict West States Will Go for Hughes

CHICAGO, Aug. 25.—Washington will give Hughes and Fairbanks a plurality of some 75,000 to 100,000 in November, while Oregon and California also will give their electors a vote to the Republican national ticket, according to the opinion of Congressman Albert Johnson of Tacoma and Congressman W. E. Cushman of the Seattle district, who were visitors at the Republican national headquarters today.

Former Secretary of the Treasury Leslie M. Shaw believes the tariff is the principal issue in the present campaign. He recently completed a speaking tour of nine states. He said: I find the people are more interested in the subject of industrial preparedness against the invasion of foreign merchandise following the war than in any other subject. In my judgment the tariff is the issue.

The payroll after the war is the issue of this campaign, and nothing will save the payroll but the repeal of the Underwood tariff, which threw four million men out of employment before war munitions revived industry.

American Exports for July \$446,000,000

WASHINGTON, Aug. 25.—Exports during July totaled \$446,000,000—a record for July—though the figures are \$19,000,000 below the June exports. Imports were \$183,000,000, a falling off of \$63,000,000, compared with June.

Exports for the year ending with July totaled \$4,511,000,000, compared with \$2,883,000,000 the preceding year, the bureau of foreign and domestic commerce announced today.

CLOSING CAMPAIGN

J. A. Elston will wind up his strenuous two weeks' campaign for nomination on the Republican ticket for Congress tomorrow night. Saturday noon Elston will speak at twenty-two fraternal houses in Berkeley, from 11 to 2, giving each "frat" a short talk. Last night Elston spoke before the Stachler club, a mass meeting of colored people, at the Fitchburg Republican club and before 600 people at Ninetieth avenue.

ALAMEDA COUNTY TOWNS HEAR BOOTH

Willis H. Booth, Republican candidate for the Republican nomination for United States Senator, attacked Governor Hiram Johnson for attempting to "grab" the Republican nomination in a series of talks in Alameda county cities. At Livermore he said:

It should be impressed upon the Republican electorate that no matter who may win the Republican nomination for United States Senator next Tuesday, Governor Johnson will be on the ballot at the general election in November, as the Progressive party nominee, for which he has no opposition.

The Republicans of this State maintain that the Governor is not playing fair in this political contest. If he should be defeated for the Republican nomination, as I firmly believe he will be, the Governor then becomes the opponent of the nominee of that party, the same party of which he is trying to become the nominee next Tuesday.

This is not a square deal. It is not politically honest. It is not defensible. After leaving Stockton, Booth's first stop was at Livermore. Thence he drove to Pleasanton, where he was met by a committee of Republicans, composed of Clinton G. Dodge, chairman of the Republican County Central Committee of Oakland; Louis Aber of Oakland, Arthur C. Day of Sunol, members of the committee, and Farley B. Granger of San Leandro. They accompanied Booth during the remainder of his trip. Sunol,

TEXAS VOTING ON "WET" ISSUE

Senate Race Second in Interest Taken In Vote on Prohibition.

DALLAS, Tex., Aug. 25.—Individually will be largely lost sight of tomorrow in the run off primaries for the Democratic nomination for United States Senator. Tomorrow's balloting will be a battle between wet and dry forces, with odds favoring the latter, politicians say.

Senator Charles Culberson and O. B. Colquitt, former governor, are the principals in today's voting. In the regular Democratic primaries July 26 Culberson got 80,000 votes to Colquitt's 107,000 and the present job holder only beat Dr. S. P. Brooks, former president of Baylor university, by about 6000. But the nomination fight even then had resolved itself into a prohibition and anti-prohibition issue, with Colquitt admittedly favoring the anti and Culberson and Brooks the pros. The prohibition vote split on its two candidates.

Submission of prohibition at a general election to follow the next session of the legislature, carried in the primaries. The dries are expected to unite behind Culberson and despite his defeat by Colquitt in the first primaries he is admitted by politicians to have the better of it "on paper."

Niles, Mission San Jose, Irvington, Centerville, Alvarado and Hayward were visited.

Ranchers Armed To Slay 'Burners'

Guard Haystacks From Incendiaries

EL CENTRO, Aug. 25.—Ranchers armed with high-powered hunting rifles are squatting in wheat fields between here and Holtville today watching with intent to kill for "the burners."

Following the burning of two more large haystacks by the phosphorous method, ranchmen had sworn to kill incendiaries on sight. A saturated cloth with the chemical preparation is thrown into the stack. When it is dried out it bursts into flame. Damage exceeding \$10,000 has already been done by "the burners," as they are called.

Some ranchers, rifle in hand, lie waiting night and day on tops of haystacks.

L. A. Prisoner Denies Being 'Hammer' Slayer

LOS ANGELES, Aug. 25.—Persistently denying charges that he is a wife murderer formerly of Dallas, Tex., a man giving the name of O. P. Wood, held by local police for Texas authorities, declared today that he is a victim of circumstances and will establish a satisfactory alibi.

Wood was arrested late yesterday, suspected of being Ollie Beaupre, who jumped his bond while waiting for a new trial on a charge of killing his wife with a hammer in 1911.

A telegram received by Detectives here from Waxahatchie, Tex., stated that a copy of the indictment against Beaupre was on the way here and that the sheriff there would start for Los Angeles soon with regulation papers, nesty.

VILLA VICTIM OF POISON, REPORT

Japanese Physician Says He Was Murdered; Double Heads Army.

CHIHUAHUA CITY, Mex., Aug. 25.—A Japanese physician by the name of Nodke claims to have brought about the death of Villa by slow poison given under the guise of medical treatment, according to the Chihuahua local papers. After Villa's death Dr. Nodke is quoted as saying that the remaining Villa leaders gambled with dice to decide who should impersonate the dead chief and the lot fell to Colonel Baca, who bears a strong personal resemblance to Villa. To prevent the deception from being disclosed Colonel Baca is said to be surrounded by his personal bodyguard, who keep the common soldiers and ranchers from coming too near. Dr. Nodke, according to the papers, had been administering poison for three months, with the result that Villa died shortly after his defeat at Parral.

A colonel, five majors, three captains and nine privates belonging to small remaining bands of rebels are reported by General Hilario Rodriguez to have surrendered to him in Durango and northern Zacatecas. The conference was held at La Brena. The colonel in the case was named Francisco Lopez. These men left after their surrender, said the message to General Trevino, to bring in their companions under the offer of amnesty.

Duffy's For Summer Health

Summer is at hand—and summer complaint. For persistent colicky pains in the bowels, whether associated with constipation or occasional attacks of diarrhoea, a tablespoonful of

Duffy's Pure Malt Whiskey

In water before meals and on retiring, helps to correct and relieve the condition. Being produced from malted grain, its tonic, antiseptic and sustaining properties are what is particularly needed to check summer complaint and insure a speedy recovery. Duffy's Pure Malt Whiskey improves the digestion and assimilation of the food and by its nourishing and tonic action you will be relieved from many petty summer ailments.

"Get Duffy's and Keep Well!" At most druggists, grocers and dealers, 1.00. If they can't supply you, write us. Useful household booklet free.

The Duffy Malt Whiskey Co. Rochester, N.Y.

For months past manufacturers of musical instruments, of fine merchandise of every kind and character, have been confronted with the problem of constantly increasing costs in both materials and labor. To maintain present high standards it has become inevitable that a readjustment of retail prices be made. The manufacturers of

THE Mason & Hamlin PIANO

have announced that on September 1 the prices of their instruments will be advanced as follows: Upright Pianos \$50, Grand Pianos \$100.

Mason & Hamlin Pianos are so superlatively superior to instruments of rival makes that their extra cost is soon forgotten in their marvelous tone quality, their superior endurance and longer life.

Being Pacific Coast distributors, Mason & Hamlin Pianos may be seen only at our stores. They may be secured on most moderate payments.

TEUTONS RUN GAUNTLET ON U. S. COAST

German Liner Willehad Noses Way Through Fog, Defying Ally Patrol Boats; Dashes From Boston to New London

Coming Ship to Connecticut Port Believed to Forecast the Early Arrival of Merchant Diver Bremen With Cargo

NEW LONDON, Conn., Aug. 25.—Nosing her way through a fog, while a little tug puffed and snorted alongside, the North German Lloyd liner Willehad, swung into the pier of the State Ocean Steamship Company here today, adding another chapter to German defiance of the allied warship patrol off the Atlantic coast.

Customs officials and all New London believe the coming of the Willehad forecasts the early arrival of the merchant submarine Bremen from the German port of that name. The Willehad made the trip from Boston without escort. Coming through the Cape Cod canal and thence out to open sea, the liner traversed more than fifty miles of her course through a zone in which she was subject to attack or capture, had enemy ships sighted her. She went out beyond the three-mile limit, but was not molested.

MAY ACT AS MOTHER SHIP.

It is believed here the Willehad is to serve in the same capacity for the Bremen as the Neckar, International Baiting more, did for the Deutschland. The Bremen's cargo will probably be transferred to the Willehad, which will act as a "mother ship" for the submarine, housing her crew while they are in port, and also protecting the submersible from any enemy eyes. As the Deutschland was nestled close to the Neckar, with a protecting tug on the opposite side, and a wall and a barge acting as barriers at either end, so is the Bremen expected to be warped snugly into the pier alongside the Willehad here.

Interest was increased here by reports from Baltimore that the tug Hansa, formerly the Timmins of Deutschland, was to leave that city for New York, a barge loaded with rubber and nickel. There is, as yet, no positive information as to when the Bremen will arrive, but all indications are that she will put in at this port.

Off Manomet point, the Willehad sighted a suspicious-looking craft heading toward her and she chose a course near the shore. The Willehad's pilot had received orders that if approached by hostile craft she should be beached.

The Willehad is the first interned German steamship to leave voluntarily the friendly refuge of a harbor. The steamship will not only be used to house the Bremen's crew but also to lay alongside and give protection if need be.

CURE FOR CHOLERA MORBUS.

When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy, writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." For sale by Osceola Bros. Drug Store.—Advertisement.

German Peace Demands Stated Proclamation Scores England Territory Retention Is Plan

BERLIN, Aug. 25.—A proclamation containing views on the peace conditions which might be imposed by Germany is published today by the "Independent Committee for a German Peace," an organization formed some time ago by those considered to be the extreme war advocates in Germany.

The proclamation asserts that despite the fact that the Germans and their allies are holding three kingdoms in their hands the entente statesmen continue to indulge in a flood of abuse and acrimony about Germany while themselves violating every principle of international law, forcing neutrals to enter the war against their better judgment and endeavoring to force into submission hungering millions whom their swords could not vanquish.

"Our enemies will not succeed," continues the proclamation. "One thing they have accomplished is to force upon us the realization that England is our special and most dangerous enemy. England causes our enemies to stick together. England leads them. Upon England they depend and will depend more after the war. On the wreckage of the empire England hopes to unfurl the banner of Anglo-Saxon world dominion."

TWO NATIONS ENTER FINANCIAL PACT

Premiers of France and Great Britain Agree on Credit and Exchange.

LONDON, Aug. 25.—The premiers of Great Britain and France, the finance ministers of the two nations and representatives of their financial and kindred interests, met at Calais yesterday and reached an agreement on important financial matters, including payments abroad and the maintenance of exchange between the two countries, it was officially announced today. The official statement says:

A conference was held at Calais between the French and British governments. A complete agreement was reached on all subjects with which the conference dealt. An arrangement was concluded regarding payments abroad and maintenance of exchange between the two countries.

The French government was represented by M. Briand, president of the council of ministers, M. Ribot, minister of finance, accompanied by M. Pallain, governor of the Bank of France, and M. Marjorie and O. Homberg. (Octave Homberg was a member of the Anglo-French financial commission in the United States in 1915.)

The British government was represented by Premier Asquith,

The document asserts that Russian territory from the Baltic to Volhynia in the future be included in the German sphere to serve as a bulwark against the Russian tendency to annihilate Germany. France's revenge ideas must constantly be kept in mind so that in the west also changes would be necessary.

Belgium in the future, adds the proclamation, either will be a German or an English bulwark, so "real guarantees" here also are needed.

"The document then cites the expression of Dr. Peter Spahn, leader of the Catholic Center party in the Reichstag, that 'Belgium must lie in German hands militarily, economically and politically.' The proclamation concludes with the assertion:

"England's plan threatens us with political and economical holocaust. It aims at our life as a people and as a state. It aims at our culture and our institutions. Energy must be applied regardless of consequences to force peace upon the enemy. Let it not come thus, that, as England says, we will win all the battles, but England will win the war. With von Ertelsburg, let us say it is not only a question of sticking it out but of winning."

FREE SCHOOLS FOR RUSSIANS OPENED

German Commander to Aid Slavs to Education; Grants Charters.

BERLIN, via wireless to Sayville, Aug. 25.—General von Beseler, governor-general of the occupied territory in Russia, says the Overseas News Agency, has granted to the university and the technical high school at Warsaw new charters to promote the free development of scientific activity and independence of administration. The governor-general expressed the opinion that:

"The teachers, together with the students, in the future will show unrelenting zeal to cultivate science on a basis of a national language and a national civilization, which are destined for the united nations."

To the technical high school General von Beseler wrote:

"The unexpected increase in the number of students proves the choice attributed in this country to technical science and proves further that the intentions which led to the reopening of the technical high schools are appreciated. To reconstruct Poland and uplift her commercial life and civilization, it is necessary to educate efficient engineers and architects."

Reginald McKenna, chancellor of the exchequer; Edwin Samuel Montagu, minister of munitions, and Thomas McKinnon Wood, accompanied by the chief justice, the governor of the Bank of England and Sir Maurice Hannkey.

ENGLISH NOTES TO SWEDEN DISCLOSED

Correspondence Made Public Over Seizure of Parcel Post by Great Britain.

LONDON, Aug. 25.—Great Britain, following the lead of Sweden, has made public the entire correspondence with Sweden concerning British seizures of the Swedish parcel post with the United States and Swedish retaliation in stopping all British parcels in transit to Russia.

PARCELS RELEASED.

As a result of the negotiations, Sweden recently released 60,000 parcels to Russia under agreement with the government to submit the matter to arbitration after the war. The British government demanded that there be no more interference with traffic across Sweden to Russia, but Sweden refused to promise, saying that it was not included in the original negotiations. The British government withdrew its offer to arbitrate.

The final offer of Sweden was that she would do nothing in retaliation for anything done by Great Britain prior to July 24 of this year, which was coupled with the hope that this "conciliatory" attitude would move Great Britain to cease interference with Swedish mails, thus saving Sweden from "the necessity of resorting to retaliation in the future."

In this last note Sweden threatened to make the entire correspondence public should the occasion arise.

CONDITION MADE.

Great Britain in her last note said the British offer to arbitrate would remain open only on condition that Sweden should continue to forward parcels between Great Britain and Russia, and otherwise carry out the post-office agreement entered into by the two countries in 1904.

Viscount Grey asked in his final answer on August 1 if Sweden would cease to interfere with this traffic, but the only reply has been the publication at Stockholm of the correspondence.

The correspondence began last December with the first detention at Kirkwall of mails between Sweden and the United States. Count Wrangel, Swedish minister in London, protested, and announced the suspension of the Russian parcel post until Great Britain should give a guarantee against repetition of the Kirkwall seizures, which he denounced as "contrary to international law."

Now both Sweden and Great Britain threaten extensive actions for damages for all seizures. Meantime virtually all the parcel post between Great Britain and Russia is being routed by direct steamers.

WAR TO STILL BE LONG, SAYS EXPERT

Discusses Arming of Allied Troops for 1917 and 1918 Campaigns.

LONDON, Aug. 24, 3:05 a. m.—The Times' military expert in an optimistic review of the military situation points out his reasons for believing that the war is not near its end, and discusses the arming of the allied armies for 1917 and 1918.

"Our superiority in the field," says the writer, "is not yet adequate, since it does not give us that annihilating preponderance necessary for victory. Next spring, having completed our own supplies, we can set to work to arm Russia with a will. We can fit out the armies for 1917 and 1918, which must in the end crush the most frantic efforts of the central powers, and as we can last so long, or longer if necessary, we can be satisfied with nothing but the complete satisfaction of our demands."

"The allies will end the war as such formidable military powers and so superabundantly supplied with veterans and material that, falling some gross negligence on the part of our governments during the peace parleys, Germany will never be able to face a war again in our times."

"Many soldiers firmly believe the politicians will sell out in the end. But this opinion is certainly wrong, for the force of public opinion behind the war is so strong that the public would think nothing of taking all the members of the government and hanging them in a row if they showed any inclination to throw away at the peace parleys the fruits of our stupendous war efforts."

KILLED IN AUTO.

TACOMA, Wash., Aug. 25.—James A. Urquhart, a Chehalis banker, was killed and his mother, Mrs. William M. Urquhart, was injured last night when their car went off a bridge in Lewis county. The message was telephoned to Tacoma from Morton, Wash.

WASHINGTON STREET, AT ELEVENTH

ZEPPS SLAY 8; INJURE 36 IN ENGLAND

Six Airships Drop Bombs on East and Southeast Coasts, Damaging Buildings, but Causing No Serious Losses

Aviators and Guns From Land and Sea Join in Efforts to Repel Invaders, and Latter Make Escape in Thick Fog

LONDON, Aug. 25.—Eight persons were killed and thirty-six injured in the Zeppelin raid last night, it was announced officially today. One hundred bombs were dropped. One Zeppelin reached the outskirts of London.

The announcement says: Six airships raided the east and southeast coasts of England last night at intervals between midnight and 3 o'clock this morning. One airship made her way westward well inland. The remainder of the fleet carried out short runs over the coast. The number of bombs dropped by the raiders is estimated to be one hundred. Several bombs are reported to have been directed at ships at sea. The damage effected by the raid was slight.

In one locality a railway station and some houses were damaged, and at another point two houses were wrecked.

Anti-aircraft guns came into action at certain points both on land and from ships at sea. Some of our aircraft went up in pursuit. One aeroplane succeeded in firing on a raider at close range, but she eluded her pursuers in the clouds. A further report will follow.

Three persons were killed and several injured by a Zeppelin which dropped a large number of bombs in the neighborhood of a town on the southeast coast of England early today, says a despatch to the Exchange Telegraph Company. Several houses were damaged. At another place on the southeast coast many houses were dropped. One fell into a railway station yard and demolished some railings, while another bomb completely wrecked a dairy nearby.

A Central News despatch says there was great excitement at a town on the Thames estuary at 1 o'clock this morning, when news was received of the approach of a Zeppelin. Most of the raiders, but it could be heard approaching from the coast. After hovering over the town for some time it passed toward the west. Shortly afterward a series of violent explosions, followed by cannonading, shook buildings and lighted the sky.

Noted Golf Player Is Injured at Del Monte

DEL MONTE, Aug. 25.—Orin A. Wilson, noted golfer, is today confined to his bed, suffering from serious injuries, as the result of a fall from his horse at the polo match yesterday between the Pebble Beach and Del Monte teams. He was unconscious until a late hour, and Dr. Martin McAulay of Monterey declared that concussion of the brain had resulted and that the patient's condition was one to cause concern.

The accident occurred in the second chukker, when Wilson's pony collided with that of Edgely Kelly. Wilson was unseated, falling backward.

Dr. J. Brettnauer, who was among the spectators, rendered first aid, and Miss Anna Peters and Mrs. Emory Smith assisted in getting the injured man to the hotel. A trained nurse was brought from Monterey to relieve the volunteers.

Wilson is a member of the Pebble Beach team. He is a brother of George Wilson, a member of the Bohemian Club and an engineer by profession.

Brush Fires Sweep Placerville Hills

PLACERVILLE, Cal., Aug. 25.—More than 5000 acres of land between Webber Creek and Shingle Springs has been swept by brush and forest fires which started in the Missouri Flat vicinity last Thursday, according to word brought here by Charles Pine of Missouri Flat. The fires are still burning. The land burned over is mostly brush.

Forest Supervisor Kotok received word yesterday that five forest fires on private land near the El Dorado forest boundaries had been controlled.

TO OPEN NEW ROAD.

STOCKTON, Aug. 25.—Steps have been taken here to further the plan of routing bay-bound transcontinental tourist travel across Nevada to Mono Lake over the Tioga road into Stockton and thence across the San Joaquin delta, heretofore closed to motorists. This route would, in addition to being picturesque to travelers, open new territory to local trade.

200,000 Hay Fever Victims in the United States

Season of Sneezes at Hand—How to Obtain Relief

August is hay fever time. From the number of its victims, asthma and hay fever is fashionable, for it cripples appendicitis as an aristocratic ailment. Everybody who possibly can hies away to an atmosphere that will not cause red noses and red eyes, but there are many who are unable, financially, to join their ranks. To all such, Warner's Safe Asthma Remedy proves a boon. For it has been a prompt relief from this spasmodic bronchial affection during the past forty years. Hay fever and asthma sufferers who have tried numerous other remedies without success are loud in their praise of the sure and prompt relief Warner's Safe Asthma Remedy invariably affords. Simply the funniest of a half teaspoonful burned in a saucer, when drawn through the mouth and throat, and held there as long as possible, then let out through the nostrils, gives prompt relief.

Witness what this man says, and hundreds of others have been equally benefited: "I had asthma very bad and had to sit up night after night. I could not get any relief until I took Warner's Safe Asthma Remedy. In five minutes I was breathing easy and went right to bed and slept. I would not without it." W. W. Hanson, Wallaston, Mass. Got a package today of drugstore at postpaid 75c. A free sample to prove its effectiveness if desired. Address Warner's Safe Asthma Remedy, 200, Rochester, N. Y.

STRICTLY PERSONAL

Marshall De Mott of Corning, an official of the state educational system, has arrived in Oakland with Mrs. De Mott and Miss C. De Mott, for a stay of several days in this city. They are registered at the Hotel Oakland.

James M. Camp, one of Oakland's pioneer residents, has left for an extended tour of the East. He will visit Salt Lake, St. Louis, Buffalo, Chicago and other cities while on his trip, and also his boyhood home in Canada, where he has not been in 40 years.

Paul A. Tarney, prominent rancher and capitalist of Sacramento county, is an Oakland visitor, being registered for a several days' stay at the Hotel Oakland.

Edward C. Krueger, a Merced rancher and a distant relative of the late "Oom" Krueger, head of the Boer rebellion in Africa, is visiting here at the St. Mark Hotel. He will remain in Oakland for several days.

Mr. and Mrs. M. Layman, of this city, accompanied by Mrs. D. McClelland of Berkeley, are touring the resorts of Sonoma and Lake counties in their machine, and have been staying at The Geysers hot springs during this week. They were joined at the Geysers on Wednesday by Mr. and Mrs. Harold W. Jewett, the son-in-law and daughter of Mr. and Mrs. Layman, who drove up from Oakland in their new car. The party left Thursday for Ukiah and Vichy Springs and will return to Oakland this week.

A party of four Oakland young men made a two days' trip to The Geysers this week in the hope of getting some of the party consisted of "Hi" Hall and "Art" Dowsney.

Mr. and Mrs. R. P. Jensen and Robert L. Jensen of Alameda drove up to the Geysers in Mr. Jensen's new car this week, returning by way of various Russian river resorts.

Mr. and Mrs. F. H. Dorsay have returned from Nevada and Lake Tahoe, where they had been enjoying a six weeks' motor tour.

HOP PICKERS WIN

CHICO, Aug. 25.—When the hop pickers employed in the county hop fields, on the outskirts of this city, walked out yesterday because of the refusal of the company to increase their wages, it looked for a time as if trouble was imminent.

Superintendent Ramsey returned to the field soon after the walkout, and at once gave orders to increase the pay to \$1 a hundred pounds. This satisfied the pickers and they all returned.

New Fall Arrivals in Men's Furnishings

A completely equipped shop for men just inside the Fourteenth-street entrance. Downy and convenient to "run in" for the things wanted.

Vassar Underwear New Fall Line

MEN'S VASSAR UNION SUITS—Merino union suits in gray. Ankle length, long sleeves, ribbed. A series of violent explosions, followed by cannonading, shook buildings and lighted the sky.

Handsome silk four-in-hand stripes. Very latest designs and colors in high-grade neckwear—\$1.00 and \$1.50.

Men's Interwoven Hosiery

These much-wanted socks here at last. In cotton, linen, cassimere and silk. All weights and sizes now in stock. The makers of this hosiery have had great difficulty in filling their orders, and we were fortunate, indeed, to secure these so early in the season—25c, 35c, 50c.

Men's Silk Shirts—Special at \$3.95

Very fine quality silk in newest patterns. The equal of many sold at \$5.00. Various-colored stripes on white backgrounds. Sizes 14 to 16.

Extra-Flannelette Nightgowns \$1.00

Of heavy weight flannelette made full and long. Bought before the raise in price. With or without a collar, also a military collar. All white or striped.

Clay Fourteenth and Fifteenth Sts.

MODESTO MAN TO HEAD FIRE CHIEFS

Pacific Coast Session to Meet in Montana Next Year, Is Decided.

SAN DIEGO, Aug. 25.—Anaconda, Mont., was chosen as the 1917 convention city, and officers were elected at the final business session of the meeting of the Pacific Coast Association of Fire Chiefs here yesterday.

Officers elected were: George E. Wallace, Modesto, Cal., president; Louis Alagren, San Diego, vice-president; H. W. Bringham, Seattle, secretary (re-elected); Joseph Wood, Renton, Wash., treasurer.

Vice-presidents for the several states represented in the association were elected as follows: Arizona, A. F. Wright, Phoenix; British Columbia, Arthur Turner, Point Gray; California, Elliott Whitaker, Oakland; Idaho, Fred H. Kelly, Wallace, Montana; A. J. Trodick, Great Falls; New Mexico, Charles Whitehead, Roswell; Washington, W. A. Taro, Everett.

The secretary's report, read at the session yesterday, said the attendance at the convention was 115, the largest in the history of the association.

Many of the fire chiefs will remain over until Saturday to witness the ball games between the Los Angeles and San Diego fire department today and Saturday for the association championship trophy.

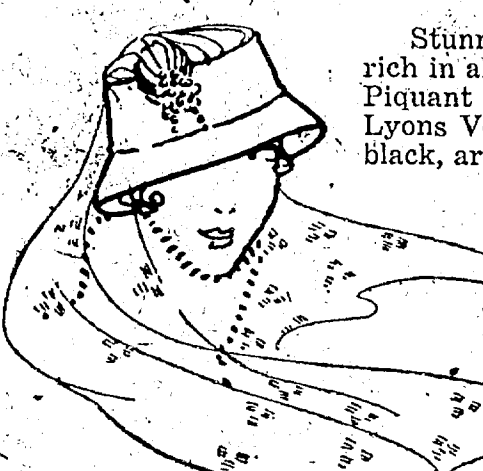

Will Deport Chinese Lepers From Victoria

VICTORIA, B. C., Aug. 25.—A case of leprosy was discovered in Chinatown here, when Hop, a Chinaman, who came to Victoria about a year ago, was taken in charge by the police authorities. Examination by Dr. G. A. B. Hall and Dr. Lennox disclosed the fact that Hop had nodular leprosy, a type of infection not considered dangerous to those who make come into contact with one afflicted with it.

The case will be at once brought to the attention of the immigration authorities and his deportation will probably follow a similar course having been followed in a case discovered here some years ago.

H. C. CAPWELL CO. STORE NEWS FOR WOMEN, WRITTEN BY A WOMAN H. C. CAPWELL CO.

The Big Millinery Feature Tomorrow Is a FIRST SHOWING OF MODEL HATS

Stunning Hats that are the creations of master designers—rich in all the charm that real millinery artists can give them. Piquant curled brim models with angular lines, fashioned of Lyons Velvet in colors of purple, burgundy, navy, brown and black, are prominent in the display—

Prices, \$5, \$7.50 to \$8.95

Always the utmost of style and service in our Millinery Shop

CHILDREN'S DAY

Lots of New Things to Show the Little Folks Tomorrow

Chic Newcomers in Wash Dresses

Utterly fascinating are these clever styles portraying Fashion's fancies for Fall and Winter wear. They have come by express from New York and are, probably, the first showing of this kind on the Pacific Coast.

The fashion trend

Two different styles with many variations seem to prevail—one is a dress cut on straight lines, very often pleated and gathered in very slightly by a wide, loose belt. The other model is a jumper or jacket effect with plain, pleated or gathered skirts. Buttons of all kinds abound—and pockets. There just can't be too many pockets on a dress.

Long sleeves are the vogue in all Autumn dresses. Bits of embroidery or lines of French knots, following the fashion of embroidery on women's Winter dresses, are strongly featured. Collars, cuffs, pockets and sometimes collars are embroidered. White collars and cuffs give a quaint, sedate air to some of the dresses. Little ties of velvet or of contrasting colors complete the line at the neck.

The materials are ginghams, poplins, chambrays and repp.

Sizes 8 to 14. Prices—\$2.25, \$2.50, \$3.00 to \$4.25.

Throw-a-way Diapers 25 for 25c

Made of soft, absorbent, sanitary paper—greatest comfort for baby. Does away with laundry work for mother—and are very inexpensive.

Convenient Diaper Bags

Neat appearing bags of cretonne and other materials, rubber-lined and divided into two compartments. Fitted with a drawstring and may be carried over the arm. Large, roomy and of excellent grade rubberized materials. Priced at—50c and 75c.

New Lot of Infants' Novelties

Just taken from their packing boxes—all those pretty and dainty articles that make a baby outfit convenient—little toilet accessories, tiny playthings, and every other novelty imaginable for baby's comfort and amusement.

NIGHT SCHOOL TO COMMENCE MONDAY

Y. M. C. A. Offers Exceptional Courses to Members of Organization.

The fall term of the night school of the local Y. M. C. A. was launched at a reunion dinner of students. Dr. George T. Pomeroy was presiding officer of the evening and Lyman L. Pierce, general secretary of the San Francisco Young Men's Christian Association was the principal speaker of the evening. Hugh Miller, educational secretary, outlined the policy for the coming term. John Reicher spoke of the relation of educational work to the association activities.

Regular class instruction begins on Monday evening. All officers of the school and instructors will meet their classes for organization. The instructors and their subjects are: H. D. Braesfield, practical psychology; O. S. Seal, salesmanship; K. L. Hamman, advertising; R. G. Cowler, stenography and typewriting; F. E. Johnson, mathematics; E. B. Washburn, bookkeeping and penmanship; E. A. Lundquist, English; T. M. Cramer, applied chemistry; C. T. Brooks, naturalization.

Toy Cannon Proves Dangerous Bomb

William Johnson, 16 years old, of 3857 Vale avenue, is undergoing treatment for a severe wound in the left hand today, following the explosion of a toy cannon, which he had manufactured out of a piece of gaspipe. Possible lockjaw developments are being watched.

While ramming in the powder, preparatory to discharging the cannon, the toy piece of ordnance exploded, burning the lad badly and lacerating his hand. He was given first aid by Dr. Clarence A. de Cue of 23 Lakeside street, and immediately removed to the county hospital for observation and extensive treatment.

Detective's Bomb Scares Dustwoman

Police Headquarters Is Scene of 'Panic'

SAN FRANCISCO, Aug. 25.—Maggie Mullin, who does the dusting in the private office of Chief of Police White, had almost finished her work this morning when she came upon a suitcase on a side table. At first touch it opened and she was curiously inspecting a clock battery and peculiar-looking circle of iron pipe when there was a whizzing noise and a charge of electricity discharged a loud buzzer. With a shriek of terror Mrs. Mullin ran for the door and when Captain Thomas Atchison, chief clerk, strove to learn the cause of her flight, she paused not to enlighten him. Over her shoulder she saw she yelled, "There is a bomb in there, you better jump out of the window!"

Detective Edward Mikotchei, who had been demonstrating the working of the dummy mechanism to her, in the trial of the bomb plotters, had wound the alarm last night. It chanced that it had been set for 7 minutes past 7, the hour when Mrs. Mullin was doing her cleaning.

Forty Millions Is Increase in Trade

WASHINGTON, Aug. 25.—American foreign trade during July amounted to \$40,000,000 more than in the same month last year, and set a new July record. It was \$72,000,000 less, however, than the total for June, which was the record month in the country's history.

July imports were \$133,000,000, a decrease of \$63,000,000, compared to June. Exports were \$446,000,000, or \$19,000,000 less than in June. The year-completed with July set a new yearly record in foreign trade, with exports and imports totaling \$6,743,000,000, compared to \$6,640,000,000 for the twelve months preceding.

DEATHS REDUCED BY SANE FOURTH

Statistics Compiled by Years By Medical Society Show Betterment.

CHICAGO, Aug. 25.—Results of the campaign that has been waged for years for a sane Fourth of July are shown in figures made public by the American Medical Association, which for fourteen years has taken a poll of every state and city in the country of importance as to Fourth of July casualties.

Not one case of tetanus was reported in the entire country in 1915 and not one person was blinded by gunpowder, according to the association's statement. Only thirty deaths took place, as compared with 86 in 1903, the first year complete figures were obtained.

Only two persons were killed in Illinois and twenty-one injured. One was killed and eight were injured in Chicago. In 1907 sixteen were killed in Chicago alone and 151 injured.

Photographs to Aid Bomb Plot Prosecution

SAN FRANCISCO, Aug. 25.—The prosecution in the trials of the five alleged bomb plotters will be handicapped in the presentation of their case through the fact that the scene at Steuart and Market streets, where the infernal machine was exploded during the preparedness parade, has undergone a transformation. The Southern Pacific Company, which is to build an office building on Market street, between Spear and Steuart, has ordered that all the structures there be torn down and the last to go was the saloon of Meyer & Rhemstedt, against the east wall of which the bomb was placed. Workmen finished the wrecking today.

The police have taken a large number of photographs, however, and while the jury cannot be escorted to the scene as usual, the exhibits and photographs, it is thought, will be made more elaborate than is customary.

AUTO RUNS WILD; GIRL IS INJURED

Novice at Wheel Presses Wrong Pedal; Death May Follow Mishap.

SAN RAFAEL, Aug. 25.—A motor car belonging to A. W. Foster ran wild in the hands of a novice driver yesterday morning and leaped over the curb at Park and B streets, pinning Miss Alberta Lake, who was a candidate for queen of the 1914 Independence Day carnival here, against an electric trolley.

Miss Lake was so badly crushed that she may die. Her legs were mangled and amputation may be necessary. She is a professional pianist and well known in musical circles.

The car was being driven by James Walker, who was being instructed in the method of handling it by Frederick Rollins. The car got beyond control, and it is believed that in his excitement Walker pressed down the throttle instead of the brake.

Bellman Compositions to Be Offered Here

Compositions of Karl Michael Bellman, the Swedish poet and singer, who flourished in the latter years of the eighteenth century at the court of Gustavus III, are to be revived next month in a series of song festivals designed to introduce and popularize his works among music lovers of the Pacific Coast. Bellman festivals have recently been held in many cities of the East with success.

The Swedish Singing Society of San Francisco and the Svea Male Chorus of Oakland will combine for a Bellman Festival out of doors in Shellmound Park on Sunday, September 3. Many of the poet's famous works, such as "Do You Remember?" and "Empty Thy Glass for Death Awaits," will be rendered by male choirs with orchestral accompaniment.

Among the members of the committee arranging for the festival are C. T. Peterson, B. Egnel, M. Pearson, W. K. Johnson and Axel Pihlstrom.

50,000 to Attend G. A. R. Encampment

KANSAS CITY, Aug. 25.—Chief executive officers of the Grand Army of the Republic arrived in Kansas City today preparatory to opening the national headquarters tomorrow for the encampment of the veterans' organization. Elias H. Montfort, commander-in-chief, and John M. Adams, adjutant-general, both of Cincinnati, were among those reaching here today. Members of the local committees says the reunion will be attended by about 50,000 persons.

If you want better street car service SIGN the Charter Amendment Petitions now being circulated by the Citizens' Committee, Federal building, Oakland.

Send Firefighters to Save Tahoe Forests

NEVADA CITY, Aug. 25.—Determined to stamp out the forest fire, which Sunday destroyed the old mining town of You Bet and is now threatening the Tahoe national forest, officials of the forest service today dispatched many additional men to reinforce the fire fighters. This is the largest fire that has yet menaced the reserve, and efforts to check it have thus far been unavailing. Backfiring stopped the advance of the fire toward Grass Valley, saving the town.

The firefighting force is being strengthened by forest service men who have been engaged in fighting a forest fire near Placerville, which was today brought under control after sweeping several thousand acres.

Want New Aviation Station at Hawaii

HONOLULU, Aug. 25.—A request for twenty-four biplanes for service in Hawaiian territory was sent to the War Department by Brigadier General Robert K. Evans, commander of this department. General Evans is establishing an aviation corps here and his request followed an investigation into the probable requirements.

The army officers who made the investigation recommended Fort Kamehameha as the best site for aviation headquarters.

General Evans' plan, if carried out, will mean the establishment here of the largest of United States aerial research stations in which the weather bureau will co-operate with the military authorities.

Pine Ridge Barred to Rod and Gun Men

For trespassing on the Rancho Los Huacos, formerly known as the Macdermot ranch, in Santa Clara county, Jesse Kellogg of San Jose, and his brother, E. F. Kellogg of Gilroy, were arrested by Deputy Sheriff G. W. Smith for hunting on this private property and arraigned before Justice Bradley of Morgan Hill and fined \$25 each. The stockmen of the Pine Ridge country and the larger landowners are determined to prosecute deer hunters trespassing on private property to the full extent of the law. Frank H. Proctor of Oakland, executor for the Macdermot estate, owners of the Rancho Los Huacos, will take an active part in all future prosecutions.

The Best Investment in the Bay Cities

\$120 Cash

is all you require to purchase a large, level lot on

Lakeshore Avenue

balance \$12 a month

Just a few left now of those wonderful lots on one of the finest avenues in the Bay Cities for \$1200.

One-half of all the remaining lots on Lakeshore Ave. have been sold this week.

Only a few of these remarkable bargains remain unsold.

Our CLEAN-UP SALE promises to dispose of the remainder within a few days.

NEVER AGAIN after this week will it be possible to purchase a lot at anything like \$1200 on this 100-foot boulevard lined with beautiful homes.

Lots are all in a restricted district within one block from carline, 10 minutes from City Hall, within walking distance of Lake Merritt and Parks, convenient to Lakeside School and within two blocks of the beautiful homes of Crocker Highlands, and therefore are in the most exclusive and desirable residence section of Oakland. Every lot is improved with macadamized streets, concrete walks and curbs, sewers and water mains ALL COMPLETE. Gas, electricity and telephone service available.

Oakland is the coming giant of the Pacific Coast. A big period of expansion is just ahead. Own a fine lot in Oakland and make some money for yourself.

Come in TOMORROW EARLY and we will gladly place an automobile at your disposal to inspect this property without any obligation on your part.

Office open all day Sunday.

DANES ARE URGED TO MAKE SALE

St. Thomas Legislature Adopts Resolution Requesting That Transfer of Islands Be Made to the United States at Once

Rejection by the Upper Danish House of Proposal Will Not Delay the Efforts to Have Treaty Ratified in Senate

ST. THOMAS, D. W. I., Aug. 25.—In resolutions adopted today the local legislature urged upon the Danish government the expediting of the negotiations for the sale of the Danish West Indies to the United States. The transfer of the islands to the United States as speedily as possible, to end the uncertainty of the present situation, is "earnestly requested" of the other country. The resolutions follow:

As constantly recurring sale negotiations paralyze all enterprises in St. Thomas and great depression with a public deficit and private misery has already been caused by the war and by disappointment from the Panama canal, the mother country is earnestly requested to hasten the present negotiations and implore not to reject the sale unless the entire nation demands it and be willing to take the consequently backward step.

The resolutions, which were adopted unanimously, were cable to the finance minister of Denmark at Copenhagen.

WASHINGTON, Aug. 25.—Rejection by the Danish upper house of parliament yesterday of the proposal to sell the Danish West Indies to the United States will not delay efforts here to ratify as soon as possible the treaty providing for the purchase of the islands. Announcement to this effect was made by Senator Stone, chairman of the Senate foreign relations committee. A meeting of the committee was called for today to further consider the proposed treaty.

High School Papers Granted to Teachers

SACRAMENTO, Aug. 25.—The State Board of Education has granted high school credentials to the following: Ralph H. Bergen, Mill Valley; Fannie Judith Boswell, Berkeley; Helen F. Boel, Berkeley; Edith Ingersoll Brown, Claremont; Charles William Brown, Berkeley; Beth Huphson, Sacramento; Geo. H. Learned, Berkeley; Theodore Livingstone, Berkeley; Daniel Thaddeus McArthur, Berkeley; Eleanor Olive Merritt, Berkeley; William Edward Most, Berkeley; DeCarls Reeves, Berkeley; Ruth Rockwell, San Francisco; Howard Ives Schuchel, Berkeley; Arthur Elton Silverman, Berkeley; Edwin Frederick Smyth, Berkeley; Wilson Dallam Wallis, Berkeley; David Emerson Williams, Vallejo; Guy Walker Wolfe, Berkeley; and Irene Maire, Berkeley.

Recluse Mulcted Out of Millions

Vanished Fortune Gone to Underworld, Belief

CHICAGO, Aug. 25.—Edward W. Morrison, the 40-year-old recluse, whose vanished millions are a subject of investigation before Judge Landis in the United States District Court, was declared to have been mulcted out of property valued at \$5,000,000 by a coterie of strange characters within the last twenty years.

Francis J. Houlihan, counsel for Morrison's creditors, declared that unscrupulous lawyers, women and habitués of Chicago's underworld came into the life of the aged man, whose wealth is estimated from \$3,000,000 to \$5,000,000, to obtain his money. He was taken on trips to other cities, Attorney Houlihan declared; women were brought to see him, and new characters introduced to keep his fortune dwindling.

"BIGGEST SHOW ON EARTH," IS CLAIM

Barnum & Bailey Press Agent Comes With Glittering Promise.

"Hold your horses, the elephants are coming." The gladiest, gayest, grandest, glitteringest galaxy in the whole wide, wonderful world is trekking this way and will spread its acres of tents here on Friday, September 15. If one doesn't infer from this that reference is made to the Barnum & Bailey great show on earth, the publicity man will regard the case as hopeless.

The first advertising car is in this city today and more than a score of experts are spending with tack and harness and people and brush the flaming lithographic tidings of the approach of the big traveling amusement institution. They are under the direction of Arthur B. Diggs, a well-known circus advertising specialist.

This is the innovation of novelty year, the greatest of all seasons. More railroad cars are required to transport the show, bigger tents are raised, more area is needed to accommodate the show than ever before. In fact, the circus has reached a point where it is the despair of many of the smaller railroads and taxes their facilities to the limit for eight or nine days. There's material enough in this year's circus to make a dozen circuses of the old days. "Big Top," 650 feet long, nearly 1500 employees, three rings, four elevated platforms, acres of aerial apparatus, a 108-car menagerie, 750 horses, forty elephants, a street parade three miles long.

The stereotyped "grand entrance," with which the circuses were content to open their program for many years, has been permanently eliminated from the Barnum & Bailey tour. This season the arena entertainment is inaugurated by the spectacular "pageant," "Parade" or "The Thousand and One Nights."

The subsequent three-hour arena performance, below and aloft, scorns all comparisons and breaks all records of the past. Every one of the five hundred participants is a champion in equestrian, acrobatic, equilibrium, acrobatic or gymnastic effort. Trained animals are in great variety. A feature is the only baby giraffe in captivity.

Hayne Is Accused by Aged Client

SAN FRANCISCO, Aug. 25.—Brewster Hayne, local attorney, whose father was a pioneer leader of the San Francisco bar, is accused of embezzlement in a warrant procured today by Mrs. Marie De Martini of 838 Vallejo street.

Mrs. De Martini, an aged woman, appeared before Judge Oppenheimer on the arm of her daughter Alice and declared she had given Hayne \$80,000 as a fee to perfect her title to certain property, the deed of which were destroyed in the fire of 1906. She alleges that he took no legal action and refused to return the money.

Vermont Provides for Families of Militia

MONTPELIER, Vt., Aug. 25.—Vermont's citizen soldiers on the Mexican border are provided for and provision is made for their dependents. Bills passed by the special session of the legislature and signed by Governor Gates last night. In addition a bill was passed by the senate providing means for the registered voters now on the border to vote in the September primaries and the November elections. This was referred to a house committee and is expected to be passed and signed in time for adjournment today noon.

Adulteration Told of in Salesman's Trial

SAN JOSE, Aug. 25.—How cornstarch was used for aspirin and entered into the adulteration of other white powder drugs came out when B. S. Levin, Los Angeles salesman, was sentenced to six months in the county jail and a fine of \$500 by Justice of the Peace U. A. Sontheimer.

Precipitated chalk, in addition to cornstarch, was used by Levin in compounding the drugs that were sold to at least twenty-five druggists as staple commodities, according to the evidence brought out at the hearing before Justice Sontheimer.

The State Bureau of Foods and Drugs conducted the prosecution of Levin. Numerous druggists had been fined for retailing the drugs which Levin has been convicted of adulterating.

Five Speeders to Come Up in Hayward

HAYWARD, August 25.—Five alleged speeders, whose cases have been continued from a previous speeders' court, will come before Justice of the Peace Charles Prowse for sentence Monday afternoon. They are: D. C. L. Dulsberg, an attaché at the German consulate in San Francisco; Paul D. Schelline, W. J. O'Neill, G. L. Anderson and E. H. Nishkian. Whether consular officials are immune to punishment for speeding is claimed by Baron E. H. Von Schack, German vice-consul, who asks that the case against Dulsberg be therefore dismissed. It is to be settled at the trial.

Joseph Pajor was fined \$20 for reckless driving of his automobile by Judge Prowse at this week's motorists' court here. Speeders were fined \$25 (the; L. D. Cohn, forfeited \$25 bail; A. Gail, forfeited \$25 bail; B. W. Holmes, forfeited \$25 bail; R. B. Brunauer, fined \$10; F. Berger, fined \$25, and D. H. Steinhilmet, fined \$25.

national campaign issues. Other speakers are on the program.

Children Will Meet Soldiers at Matinee

Boys and girls, and men and women, too, will have the opportunity of meeting Uncle Sam's soldiers face to face tomorrow afternoon. They can examine their weapons, tents and equipment. The fighting men will explain anything anyone wants to know about the army. Every child who meets them will be presented with a silk flag as a souvenir.

The occasion is "Star Spangled Banner day" at the Pantages, a public reception in honor of the regular United States army soldiers appearing this week in the theater, under the auspices of Colonel John H. Gardner of the San Francisco recruiting district, in the wonderful army spectacle, "The Outpost." The reception is held for the same purpose that the war department detailed its soldiers to appear in the theater: that the general public may be better acquainted with the soldier, his life and his work. The

Torpedo Boats May Be Built on Mare Island

MARE ISLAND, Aug. 25.—Mare Island has an excellent opportunity to land a \$2,400,000 contract. The local station is to be allowed to submit bids on two of the new torpedo boat destroyers included in the naval appropriation bill. In all, twenty of the high power, mosquito craft are included in the bill and the cost of each, exclusive of armor and armament, is not to exceed \$1,200,000. The bill also contains a clause to the effect that four of the mosquito craft are to be built on the Pacific coast provided the cost does not exceed cost of construction on the Atlantic coast, plus cost of transportation Atlantic to Pacific.

Injured Man Awaits Arrival of Rescuers

PORT ANGELES, Wash., Aug. 25.—Delirious part of the time, with a gash in his head, and perhaps a broken rib, as the result of a fall into a glacier crevasse, George Welsh of Port Townsend is waiting for help to get him out of the heart of the rugged Olympic mountains. Six men, including a physician, are hastening to his rescue.

According to the story of a boy who came into the ranger station at Elwha, eight miles southwest of here last night, Welsh slipped off a glacier and fell into a 20-foot crevasse. The boy left his companions and set out for help over a route which forced him to descend a slope of Mount Olympus, the highest peak of the range, cross a 6000-foot divide and the Doherty and Rixon pass, and travel twenty mountain miles. The trip was made in twenty-four hours.

NEW TOLD PAPA HE'D WRITE BOOK

More of Newthot Gets Into
Record as "Bishop"
Testifies.

SAN FRANCISCO, Aug. 25.—The philosophy of Newthot cult as exemplified by its archbishop who knows naught of time or the passing of the years, but to whom has been given a revelation regarding the mystery of eternal life, was expounded by Dr. Newthot New today for the benefit of judge jury and spectators in the Federal court today. One simple question by Attorney J. G. Reiser to the defendant who is Marie Tully Graham, charged with using the mails to defraud, brought forth an explanation of the mysticism of the movement.

"How long have you been at the head of the Newthot church?" was the query.

"I don't know," replied Dr. New in August tones. "I don't count time by days and years. I can't say. I delivered my first address when I was 16 years old and my first formal address when I was 18. I don't know how long ago that was. I learned early in life that it was more necessary to forget than to remember. The greatest effort in life is to forget."

"Religion is man's relation to life with his God. It is more necessary to forget falsehood than even to remember the truth. To try to remember the truth and to exemplify it has been my one big purpose in life."

"My father commenced to write new life science when I was 7 years old. Once he said to me, 'My son, if for any cause your father cannot perfect eternal life in this world, I want you to promise me to complete this book.'"

"During this recital, which was in the nature of an argument, United States Attorney Preston objected many times."

Rice to Be Handled Through Sacramento

SACRAMENTO, Aug. 25.—Sacramento was selected by the reorganized Pacific Growers' Association as the city through which the bulk of California rice output will be marketed during a two-day session of that body. The association decided to pool all rice and dispose of it along lines similar to those employed by the California Raisin Growers in disposing of vineyard products.

Offices will be opened in Sacramento by the 1st of October with the expectation of disposing of two and one-half million sacks of rice during the present season. This will mean about three-quarters of the State's output.

The association will work in co-operation with the Southern Rice Growers' Association, with headquarters in Texas. There are 81,000 acres of rice planted in the Sacramento valley.

Raises Hand; Bullet Removes Three Fingers

EUREKA, Cal., Aug. 25.—Julius Powers, 31 years old, must have made a blunder like a deer when he raised his hand to wipe the sweat from his brow for just as he did it, an unknown hunter took a shot at him and the bullet carried away three fingers and a thumb from the youngster's left hand.

The boy was driving his father's pack train between Blue Lake in this county and Weaverly, Trinity county, and the country in which the accident occurred was filled with deer hunters.

After the shooting Julius rode six miles to telephone for a doctor to come to his assistance. Julius is the second resident of Humboldt county to be mistaken for a deer since the hunting season opened.

Women Republicans to Run Own Campaign

NEW YORK, Aug. 25.—The Republican national committee plans to establish a precedent in the Presidential campaign this year by permitting women to have charge of their own political affairs. Chairman William R. Vilcox has announced.

A woman's Republican national committee is to be organized and its work will be to get all the votes possible of women in the Western suffrage states. The new committee will make its own plans and carry on its own campaign in co-operation with the Republican national committee, but it will not interfere with the work of other women's alliances already organized.

Peach Growers Sign Selling Agreement

FRESNO, Aug. 25.—Announcement was made at the conclusion of a meeting of the directors of the California Peach Growers, the marketing organization, that packing and selling contracts had been signed with the California Fruit Canners' Association and Griffin and Skelley. The peach growers have a selling agreement with the California Associated Raisin Company.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh invigorating air and exercise must take precaution to guard against overweight, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen-carrying power of the blood, so that it is unable to produce enough energy to maintain the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are afflicted in their own mind that they are fat should take Oil of Korein. It is located at Kahn's, Broadway, San Francisco, at Sixth street, or a good druggist and take a box of Oil of Korein capsules and take one after each meal and one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a regular stool and energy to the system becomes lighter and the skin less flabby. In appearance as superfluous fat disappears. Oil of Korein is inexpensive, harmless, pure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to try this treatment a trial.

EVERY ONE IN FAMILY MAY TRY FOR \$1250

Each One Competing Independently
Enhances Opportunity to Win

Only three sets of pictures and titles may be submitted by any participant in the \$1250 pastime of fitting titles to pictures, but every member of the family may submit three sets. The rules provide that only one prize will go to one family at one address. If mother and father and daughter Maisie each submit sets and all three qualify among the prize winners, then the one qualifying for the highest prize will receive it, and the other two will get only honorable mention.

But all three competed and submitted their fullest ingenuity. If daughter Maisie qualified for third prize, let us say, and mother's set for the tenth prize and one of father's sets for the one hundredth prize, then daughter Maisie would get the

FOOD PRICE WAR MADE IN ARGENTINE

Radical Party Declares New Policies Will Aid Native and Stranger.

BUENOS AIRES, August 25.—Dr. Jose Marcos Pagliere denied today the report that the Radical party soon to put its hand to the administrative machinery in Argentina has no program. The statement has been made a number of their political opponents and by many radio commentators.

Dr. Pagliere, a prominent Radical who probably will have a place in President-elect Irigoyen's cabinet, says they are mistaken.

"We Radicals," he declared today, "are men of action, with deeds, not words, for our daily motto. Personally I look forward to a new constitutional life in Argentina which will make our nationality as immovable as the rock."

"There will be more security for the people and for the stranger," Dr. Pagliere said the Radicals will reduce food prices.

"The European war," he said today, "has unnecessarily increased the cost of bread in Argentina to 15% cents for two pounds and two ounces. We have studied this matter and at the end of three months of experiment we have disposed of much bread at eight cents and eight mills for two pounds and two ounces. This was done without the loss of a single cent. We will do the same with meat and milk very soon."

SUSPECT IS HELD.

STOCKTON, Aug. 25.—John Powers, held on suspicion in connection with the death of Frank Greer, a Delta farmer, is confined at the County hospital suffering from epilepsy. Local authorities believe that Powers will be able to clear up the mystery of Greer's death. Powers, Greer and a man known as "Scotty" were seen together the night Greer disappeared.

More Railway Lines, Porterville Plan

PORTERVILLE, Aug. 25.—In addition to the electric lines which the Southern Pacific railroad now has under construction to serve the citrus district of which Porterville is the center, the extension of the Santa Fe from Lindsay to Porterville and branch lines of the Porterville Northeastern, further new lines are being planned by the Santa Fe to traverse the Woodville and Poplar alfalfa and dairy districts to the west of here.

Rights of way men were in the field this morning seeking options for the property. It is said to be the plan of the Santa Fe to run the main line south of Visalia and join the Porterville branch south of here.

Rich Little Boy To Have Guardian

Mother of Stepfather Wins in Fight for Youth With Two Millions.

NYACK, N. Y., Aug. 25.—Willie Crossman Lee, "the poor little rich boy" who cried and said he was "tired of being dragged around the country" by relatives interested in the \$2,000,000 estate he inherits from the late William Crossman, coffee king, will shift guardians again here today.

Supreme Court Justice Tompkins decided that Dr. Witt H. Kenyon, Port Chester lawyer, must return the boy to Mrs. Emma Kenyon Lee, mother of Frederick T. Lee of White Plains, stepfather of the boy.

The battle for possession of the two million-dollar boy has waged hotly for more than a year in the New York courts between William Mills Jr., of California, father of the boy, and Lee, his stepfather. His father started seven separate actions to get the boy and the management of the estate, but lost every one.

The boy's mother, who divorced Mills and married Lee, died in New York two years ago. Testimony at the hearing said that Mills never had taken any interest in his son until he inherited the estate of the coffee king. The boy testified that his mother had impressed on him the desirability of remaining with his stepfather.

The lawyer Lyon was appointed guardian a few months ago, and the boy taken away from Lee. Lee and his mother hid the boy and were haled into court. It is expected that they will now be permitted to keep him.

KILLED BY BLOW

SANTA ROSA, Aug. 25.—Michael Gaffney, a farmer and member of a well-known western Sonoma family, died in a resort near Zodega, following a heavy blow on the jaw given him by Ira Bones. Coroner Frank Phillips held an inquest. The jury found that Gaffney died as the result of a blow on the head, caused by the blow which they believed was accidentally struck by Bones.

NICKEL LOAF TO BE THING OF MEMORY

Master Bakers Fear Increase in Price of Flour Will Be Prelude to Raise in Cost of Bread Throughout State

California Association to Meet Wednesday in San Francisco to Plan Means of Avoiding Extra Charge to Customers

Bread for a nickel may be a thing of the past in Oakland—and, in fact, in all parts of the state—soon, unless the California Master Bakers' Association finds a method to save off what would be one of the most marked signs of an increase in the high cost of living recorded in the West. A meeting of bakers for the purpose of state is to be called to decide whether or not the bread prices shall be raised.

The same contingency faced the bakers a year ago, but was then avoided. This time the situation, according to the bakers, is so serious that it appears that a general bread rise may be inevitable.

The bakers will meet in San Francisco Wednesday, according to word received by the Oakland branch of the Master Bakers' Association. The executive committee of the state association issued the call for the meeting, following a session yesterday in which the present situation was thoroughly gone over.

President Henry Doerr of San Jose and a committee representing Oakland, San Francisco, Stockton, Fresno and Sacramento bakers were in session.

Secretary William Foley said: "The San Francisco bakers have temporarily settled the problem by charging 15 cents instead of 12 cents a dozen for doughnuts and decreasing the size of a 5-cent loaf of bread. But another jump in the price of flour will mean the same trouble all over again."

The cause of the present situation, according to the bakers, is the increasing price of flour. Shortly after the war broke out the same situation manifested itself and at this time 7-cent loaves and other solutions were discussed. Oakland bakers ran on their surplus stock of flour for a time, when an improvement in the market made the situation better.

Local bakers declare that no prediction can be made and that no definite statement as to what will happen can be ventured until after Wednesday's meeting that wheat might rise to \$2 on account of scarcity due to black rust, declared to have emanated from government sources, is denied today by the department of agriculture, which has issued the following statement:

No official of the United States department of agriculture has made any statement to the effect that wheat would rise to \$2 or any other price, or has made any prediction of the effect of black rust on prices of wheat.

MAKE VOTING PLACES SACRED, URGES RABBI

ROTARIANS HEAR
DR. R. I. COFFEE

Biblical Translations Attacked by Jewish Clergyman as Incorrect.

Make your voting place as sacred as your church or synagogue. To my way of thinking, the churches and schools should be used for polling places. Why not? Both are free of taxes, and owe the public something. This would give the average man an idea of the high duty of voting. In former days men spent money to beautify death. Witness the pyramids—or even the elaborate headstones of a few years ago. Now the ideal is to spend money to beautify life. Let us spend money on universities, medical institutes, and research work to prolong life. In the coming campaign no man can vote wrong, as both candidates for the Presidency are soldiers against poverty. Governor Hughes, when head of the state of New York, signed many progressive measures.

—Rabbi Rudolph I. Coffee.
A sidelight on Biblical translation that has today started a lively discussion among clergymen about the bay startled members of the Rotary Club when Rabbi Rudolph I. Coffee, former Oakland boy, and now famous Hebrew clergyman in the East, attacked the lines in the Bible, "The poor, ye have with you always," as being an incorrect interpretation of the words of the prophet, and contrary to his spirit and the whole spirit of the Bible.

The correct wording is in the chapter, "Although there shall be no poor in the land which the Lord thy God giveth, if there be among you a poor man, you shall declare him poor." This has been mistranslated into "The poor ye have with you," and has furnished for ages an excuse for injustice to the workman and for the "charity" we see today. Moses was the first progressive politician. Moses believed that a poor man was a disgrace to a so-called civilized state. And our greatest war today is the war against poverty.

Within the past few years there has been a silent revolution. That, as time passes, is making the world better, and a nearer approach to Moses' ideal of the land of milk and honey. Rabbi Coffee urged the Rotarians to work for schools, better conditions and justice for the working man.

SWEDISH CRACKER FACTORY FOR CITY

Manufacturers' Bureau Reports Two New Ventures in Local Field.

Two new factories for Oakland were announced this morning through the Manufacturers' Bureau of the Chamber of Commerce. One, a \$25,000 plant, will manufacture "Knacke-brod," the national bread, or cracker, of Sweden, for Swedish consumption in America. The other factory will manufacture sauces and condiments.

The Swedish cracker factory will be operated by A. V. Petersen, who has already completed arrangements to open his plant at 903 Apper street, where he has leased quarters. The crackers he means to make will be made according to an old Swedish formula used by his father in Sweden for years in a large factory there. The firm will start with a \$25,000 investment.

The sauce factory will be operated by R. G. Adams, chemist and inventor of several famous sauces, including one known as "Al" that has for some years filled an international market. The plant will be extensive supplying the American trade in certain condiments now made in England. The details as to site and amount of investment are withheld by the bureau for the present.

COLE GETS 18 MONTHS.
FRESNO, Aug. 25.—A sentence of eighteen months in San Quentin has been imposed upon Leonard Cole, who a year ago eloped to Santa Rosa with his wife's sister. The specific charge on which Cole was sentenced was that of wife abandonment. Attorneys for Cole filed notice of appeal.

LIVER TROUBLE.
"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." For sale by Osgood Bros. Drug Stores.—Advertisement.

Dog Watched for Suspected Rabies

A dog supposed to be the property of Benjamin T. Merchant, 2040 Ninety-second avenue, is under the observation of city veterinarian officials today, after biting Melvin Lintea, a school boy, residing at 1843 Ninety-second avenue. The wound inflicted was located on the left side, under the arm, and, although, not regarded as serious is being watched for possible rabies symptoms. The wound was dressed at the Melrose Emergency hospital by Dr. L. F. Herrick.

San Diego Fair Will Entertain Guardsmen

SAN DIEGO, Aug. 25.—The Chamber of Commerce is planning, in co-operation with the exposition, to set aside a day for the Oregon militiamen, on guard duty near here, when the fair will be thrown open to them and they will be entertained.

A barbecue is planned, a dance will hold away half the night and during the day special events will be arranged for the entertainment of the Oregon guardsmen.

Modesto to Have Big Milk Factory

MODESTO, Aug. 25.—The Borden Condensed Milk Company yesterday definitely decided to establish a large factory in Modesto for the purpose of manufacturing their products. The land for the factory has been purchased and the work of erecting the buildings will be begun soon. The factory will consume the product of 2000 cows and the initial cost of improvements will be \$100,000.

LUDWIG IS ELECTED CHAIRMAN OF BOARD

Richmond Freeholders Meet and Form Organization; Will Probe Charter.

RICHMOND, Aug. 25.—Councilman O. R. Ludwig was elected president and J. O. Ford, expert accountant, was chosen as secretary of the board of freeholders at their meeting last night in the city hall.

The meeting, with all members present except Alex Elsie and V. A. Penner, was called to order by Mayor Garrard as temporary chairman, who appointed Ira Vaughn and F. M. Noville as tellers to preside over election of permanent president. Rev. D. W. Calfee, Councilman O. R. Ludwig and Mayor Garrard were nominated for the honor which fell to Councilman Ludwig, and a motion was carried to make his election unanimous. The matter of enacting an attorney was deferred to a later date, but Mayor Garrard announced that City Attorney Hall will offer his services should they be required.

That each member should have an opportunity to look into the various forms of charters and city governments, he was suggested by the mayor, that further action be put over until the next regular meeting. At that time each would act forth his views and the mayor would be employed to take notes for transcription for further consideration.

It is the intention of the board to get charters from various cities of approximately the same population and to select such parts as would go to make the City of Richmond's ideal charter in the United States. With this end in view, President Ludwig appointed Ira Vaughn, T. G. Conn and Fred Schramm as a committee to obtain a copy of these charters as may be deemed necessary.

Hereafter regular meetings will be held Thursday evening at the City Hall, Association on Sixth street, Secretary J. O. Ford in asking for stationery and stamps was referred to the city council to make a borrow for temporary needs.

FOREST CIRCLE IN 'DISTRICT SCHOOL'

Lodge Members Enjoy Play Written by One of Companions.

The District School, an original sketch by Harold Henderson, was the chief feature of the celebration of the twenty-fourth anniversary of the Forest Circle, last evening. Twenty-four candidates were presented to celebrate the occasion, and the play was staged. Many visitors from San Francisco were present, and the supreme officers of the order, the cast follows: H. B. Henderson, A. C. Peterson, Harry Madsen, Walter Nelson, Herbert Peterson, William Lippincott, Lou Hallmeyer, Daisy McDonald, Mrs. A. Congrove, Frances Walcott, Mrs. Henderson, Helen McDonald, Hattie Riles, Florence Tasney, Gladys Realy, Charlotte Peregrine.

S. F. Concern Blamed for Hercules Blast

RICHMOND, Aug. 25.—Gross negligence on the part of employees of the Hercules Powder Company, San Francisco, was responsible for the death of Edward H. Barry, according to the verdict given last night by a jury in the city hall. Barry was killed on July 17 by the explosion of an oxygen tank at the Hercules Powder Company's plant. The tank was from the San Francisco company and was one of several which exploded, causing the death of seven men.

The hearing started early yesterday and lasted all day. Tangent from the oxygen company was exhibited and fragments from the Hercules explosion were shown as evidence.

F. K. Brackett, manager of the Metal Weld Company, and Harry Cole, foreman of the oxygen plant, both testified that the dangerous mixture sent out from the plant in the oxygen tanks was caused by the crossing of wires from the batteries to the electrodes. The crossing of the wires was done when a defective tank had been taken out for repair.

McBride, assistant superintendent of the Hercules Powder Company, also testified.

REBEKAHS WILL HOLD SALE. RICHMOND, Aug. 25.—A food sale for the benefit of the Rebekehs' Orphan Home is to be given in Richmond on September 20 under the auspices of Zephur Rebekehs Lodge. Plans have been laid to hold the sale on both sides of the city on the same day. The committee who will make arrangements for the sale for the west side includes Mrs. L. Adams, Mrs. William Miller and Mrs. D. Asher. On the east side Mrs. D. B. Ticean, Mrs. R. H. Curry and Mrs. Charles Johnson will be in charge.

DRILL TEAM DANCE.

RICHMOND, Aug. 25.—Final details of the dance to be given by the drill team of the Knights and Ladies of Security were taken up at a meeting of the lodge last night in W. O. W. Hall. The affair will be held on the evening of August 28. G. W. Horse will head the committee of arrangements.

YEOMEN MASQUERADE.

RICHMOND, Aug. 25.—A masquerade ball was given last night in Pythian Castle by the Yeomen to the members and friends of the lodge. The committee in charge consisted of Percy, Mrs. A. Parks and Mrs. T. Fryor.

THE BLUEBIRD BUREAU

Department of Good Fellows

One of the city's most prominent merchants was sought in vain yesterday afternoon by his associates. His desk was closed, his hat gone and his stenographer did not know where to locate him. An out-of-town buying agent called on an urgent mission and after stowing around for an hour finally concluded to take the afternoon off and go out to the ball park.

Outside the main entrance he came across an automobile that he recognized as belonging to the man for whom he was looking.

"Sam," he said to the colored chauffeur, "where does Mr. S. usually sit?"

"The driver displayed two perfect sets of ivories in a huge grin.

"Ah reckon," he drawled, "you'll find mah boss is in do bleachers today. Jes' you look where all dem kids is, and you'll find him right in de center."

The buyer took the tip and made his way to the right field bleachers, where a bunch of youngsters were wriggling and squirming and rooting for Oakland.

Staid and dignified John S. was in the midst of the lot, and he looked considerably abashed when his friend found him. Mr. S. probably did not think it necessary to explain to the buyer that he had stolen away from the office not so much to see the ball game as to give a lot of little orphans an auto ride and an afternoon of real pleasure. He sat with them because he may have wanted to be a kid again. Most of us would give anything for that sweet privilege. Perhaps the buyer guessed that his friend was a member of the Blue Bird Bureau and that these kids were Blue Bird wards, for he was the one who told us the story.

"And I transacted my business with him just as well out there as I could have done in the office," he added.

This afternoon the Harrison school presented a busy appearance long after school hours, for little ones went there from every section of the city, and all those who bore cards signed by their school principal were fitted out with such clothing as was on hand. The quality of the apparel that the Blue Bird has been collecting recently has improved, a thing for which we are duly grateful.

The biggest need of the Blue Bird Bureau right now is children's stockings. That's an article of apparel that wears out first. We get piles of other clothing, but nary a stocking. Clean, serviceable stockings would be a God send to the little wards of the Blue Bird Bureau. If some of our friends on their shopping tours would reinvest their change in children's stockings and have them sent to the TRIBUNE we would appreciate it immensely. All sizes are needed from four years old up to fourteen.

Staid and dignified John S. was in the midst of the lot, and he looked considerably abashed when his friend found him. Mr. S. probably did not think it necessary to explain to the buyer that he had stolen away from the office not so much to see the ball game as to give a lot of little orphans an auto ride and an afternoon of real pleasure. He sat with them because he may have wanted to be a kid again. Most of us would give anything for that sweet privilege. Perhaps the buyer guessed that his friend was a member of the Blue Bird Bureau and that these kids were Blue Bird wards, for he was the one who told us the story.

"And I transacted my business with him just as well out there as I could have done in the office," he added.

NAVAL BATTLE IS SCHEDULED TODAY

Marine Hospital on Atlantic Coast Told to Prepare for "Wounded."

WASHINGTON, Aug. 25.—A naval battle is anticipated off the Atlantic Coast today. Admiral Helm's defending forces will clash with the enemy fleet, naval officers here declare.

The naval censor refused to divulge the probable point of contact between the two fleets. It is believed that cruiser squadrons may already have met in a preliminary engagement, but the main battle squadrons of capital ships have not yet come together.

A number of marine hospitals along the coast were today notified to prepare to receive "wounded" sailors and to report at once on facilities for handling the cases. Stocks of medical supplies were at the same time ordered for the vessels, which are expected to need them as soon as the engagement off shore begins.

Several batches of prisoners taken by the defending fleet have been despatched to the New York, Norfolk and other navy yards.

Regarding the intercepted radiogram from the defending fleet yesterday, telling that the transport train of the enemy fleet was sighted, nothing further has been heard at navy headquarters.

ALASKA SALMON PACK IS SHORT

Report Shows One Million Cases of Pinks Less Than Catch for 1915.

SEATTLE, August 25.—First official report of the pack of Alaska salmon for the season of 1916 is announced here shows a shortage of at least 1,000,000 cases of pinks, as compared with the 1915 pack, while a big shrinkage in the output of Alaska red salmon and Puget Sound and British Columbia sockeyes is also recorded.

The total pack of Sockeye salmon canned in British Columbia is given at 200,000 cases for 1916 against an average pack of 600,000 in the three previous years.

Jitneys Hit Again by Court Decision

SAN FRANCISCO, Aug. 25.—The jitney cohorts which are fighting for permission to continue to operate on Market street, met with their second defeat at the hands of Presiding Judge Cavanis this morning, when the court dismissed the habeas corpus granted yesterday to Drew Hines, arrested for violating the new ordinance of the supervisors. Attorney Daniel Ryan announced that an appeal would be made to the Supreme Court.

Schoolboys Catch Thirty-Pound Salmon

JUNCTION CITY, Ore., Aug. 25.—With a loop made from bailing wire, Yalmer Ayers, 12; Lloyd Morrison, 12; and Chester Ayres, 8, caught a 30-pound salmon in the Willamette river.

The lads were in swimming when they spied the big fish. Returning to shore they hastily made a noose for the wire, swam out into the stream and slipped it over the salmon, which was caught by the gills.

LODGE GETS PRIZE

RICHMOND, Aug. 25.—A pinch bowl and set were presented last night to the local lodge of Sons of St. George at their meeting in Pythian Castle as a prize for having obtained the largest number of members of any lodge on the coast within the last few months. A program arranged by P. Thompson, T. Beard, W. Murray and J. Pickering was rendered during the evening.

MOOSE PLAN VISITS

RICHMOND, Aug. 25.—Visits to Pinole and Crockett lodges are planned by Richmond Lodge of Moose for the near future, and arrangements will be made to take a large delegation to both places. The visit to the Crockett Lodge will be made next Thursday.

INITIATE THREE MEMBERS

RICHMOND, Aug. 25.—Three members were initiated last night into the Knights and Ladies of Security at their meeting in W. O. W. Hall. Refreshments were served following the business session and dancing was enjoyed. Manuel Silva was chairman of the committee in charge.

FRIDAY, AUGUST 25, 1916.

THAT VILLA POSTER OBSOLETE.

When—immediately after the invasion of the United States and the massacre at Columbus, New Mexico, last March—the army recruiting service put out its first poster, The TRIBUNE felt constrained to speak deprecatingly of the intemperate wording of the advertisement. Reproduction of the inflammatory words of President Wilson, "Get Villa, Dead or Alive," was especially inappropriate in a call for recruits.

The TRIBUNE believed this sentiment had been quite forgotten until it received yesterday from a correspondent at Castella a copy of a recruiting poster which hangs on the postoffice in that town. Our correspondent informs us that identical posters are to be found on many other postoffices in the interior towns. Making allowance for the omission of black capitals and flaming red ink, the poster reads:

Fellow citizens: Are you aware of the fact that the United States Government has made an earnest appeal for the immediate enlistment of 25,000 men? necessary to raise the army to war strength. What for? The United States government's orders are to get Villa, at once. To do so the army must have men. Come on boys, be ready to shoulder the trusty Springfield. The boys are now crossing the alkali desert and jungles of Mexico. The orders of the government are to get Villa, and get him at once. Are you game?

It may be that the posters have been on the federal postoffices for several months, but more the reason for their immediate removal. The government's insincerity has been discovered and the murderers of Americans at Columbus and a score of other places along the Rio Grande are to go unpunished. The advertisement was never true, anyway. The recruiting officer who drafted it had either a case of fright or a relapse from that calmness in the face of danger which a military education is supposed to inculcate.

Moreover, it is a reminder of a sad and disgraceful chapter in American history. And it does not harmonize with the present plans of the government, whatever they are. Let the Villa poster be torn down and destroyed. Our only solace for Columbus and Santa Ysobel is forgetfulness.

THE CASE OF DR. JONES.

Without reference to its political value the case of "Dr. Jones" may be recorded and preserved as one of the comedies of the presidential campaign in the United States of 1916. Later on, when acrimonious recrimination becomes more pronounced, it will be refreshing to recall it as a smile-producer.

The Jones referred to is E. Lester Jones, superintendent of the Coast and Geodetic Survey. It may be recalled here that a few days ago a professor of zoology at Princeton University, of which Dr. Woodrow Wilson was formerly president, publicly stated that President Wilson had to a greater degree than any predecessor consulted the opinions of scientific bodies as to prospective appointments to technical positions in government bureaus.

In his speech at Detroit on August 8, commencing upon the ejection of competent civil service employees to make room for "deserving Democrats," Mr. Hughes referred to Jones as "an excellent stock breeder and veterinary surgeon"—a very handsome testimonial and advertisement, as the Boston Transcript observes. A day later Mr. Edwin F. Sweet, Assistant Secre-

tary of Commerce, in the absence of Secretary Redfield, telegraphed Mr. Hughes that Jones "never was a veterinary surgeon."

Mr. Sweet's statement is emphatic and unequivocal. But he did not end the Jones case with making it a simple issue of veracity between himself and Mr. Hughes. The New York Tribune on August 14 dug out of its files two documents bearing on the case. One was on Jones' professional or business letterhead, bearing the caption, "Dr. E. Lester Jones: Breeder of High-Class Horses, Registered Jersey Cattle and Registered Berkshire Swine." The other was a druggist's prescription, written by Jones and signed "Dr. E. L. Jones." It called for a compound of "zinci sulphatum, plumbi acetat, pulv. alumen, et aqua," a highly poisonous preparation, presumably for external use on a horse.

Now, if "Dr." Jones is a licentiate in veterinary medicine, a purveyor of relief to ailing horses, cattle and swine, who had an established business under the title of "Doctor," and who wrote prescriptions for poisonous concoctions, what sort of a position is he in since the Assistant Secretary of Commerce, acting officially as the Secretary, has declared that "Dr." Jones never was a veterinary surgeon? It would seem to be one which neither Jones nor the Princeton professor of zoology can hope to alleviate by the policy of watchful waiting. Mr. Redfield's experience as apologist-in-chief for the administration might enable him to render a very desirable service to "Dr." Jones.

Ambrose Pare was apprenticed to a barber in Paris in 1532, where he learned to shave, cut and dress hair and bind wounds, the trade in those days being even more hazardous for the customer than it is now. In 1552 Ambrose Pare was appointed surgeon to King Henry II of France and became known as the father of French surgery. Since January 1 last there have been over 11,000 deaths in the United States from infantile paralysis. As the localization of the disease in its early stage is susceptible of being reached with all the devices, mechanical and otherwise, of medicine and surgery, some antidote for the scourge certainly is possible. There is no thought of recommending barbers' apprentices to the search for it, but if each of the hundreds of thousands of doctors in the country would devote a part of their efforts to finding a cure and preventive some now obscure member of the profession might win as much public gratitude as did the one-time barber's helper of France.

The safe arrival home of the submarine freighter Deutschland, twenty-two days after its departure from Chesapeake Bay, establishes so far as is known, a time record for continuous voyages of submarines. It also demonstrates the ability of a submarine to go through, or under, strong patrols of enemy warships. Otherwise the homeward voyage of the Deutschland merely confirms the impressions formed of the achievement of a trans-Atlantic voyage of a submarine merchant vessel when it arrived at Baltimore two months ago.

Fancy dress uniforms for students undergoing military instruction at the University of California are to be discarded. Undergraduates are to wear regulation army uniforms when they go to the drill ground. This is a timely innovation. If the students keep in mind the idea that the object of their instruction is to fit them competently to give the nation military service when necessary there will be no regret over the abandonment of garbs seemingly designed for the exclusive purpose of parading and strutting.

So many amendments have been made to the shipping bill since it was first drafted by Secretary of the Treasury McAdoo that it is impossible to say what all its provisions are until a revised draft is received. It can be stated on the best of authority, however, that it creates a shipping board whose members will draw annual salaries of \$7500 a year each, a multitude of clerks and "inspectors," and will absorb \$50,000,000 of public money.

The cost of maintaining present conditions on the Mexican border is costing the United States government \$14,500,000 a month, or \$480,000 a day. Nothing is being done toward catching Villa, obtaining reparation for the loss of American lives and property, or toward the establishment of greater protection for American citizens in Mexico.

AMERICA SHOULD PROTECT HERSELF

From the Minister of Commerce of an infinite variety of combinations will be made, all with the same objective. It seems feasible. M. Clementel avoids the use of the word boycott. And he is careful not to allude to the program as punitive. He describes it as a proposed response to the first law of nature—self-preservation. He says that in the past "dumping" has been Germany's favorite weapon for acquiring commercial supremacy. The use of that weapon, he adds, consists in granting bonuses for exportation and in selling abroad cheaper than at home, with the view of gaining competitive foreign industries. Of that weapon Germany is to be deprived. As stated, it seems feasible, but many who are regarded as experts doubt whether it will stand the test of practice. For reasons too numerous to mention, Germany will look upon this country as her most inviting field when carnage comes to an end. It is an ideal "dumping" ground, the cost of produc-

tion here being exceedingly high. But M. Clementel reassures us: "The neutral nations have nothing to fear. We are working to free them. The destruction of German economic overlordship means the suppression of a danger that threatens them."

So, assuming that the plans do not miscarry, we are to be saved from economic invasion not by ourselves. We are to be protected by the entente allies. This, not because they are anxious to be of service to us, but because we must necessarily share the "benefits" accruing from the boycott, so called. In other words, the entente allies cannot protect themselves without protecting us, which they will do if they succeed in keeping raw materials out of Germany. However, the best laid plans gang aft a-gley and we should take precautions of our own. They might bring with them some sort of a sense of security.—Brooklyn Eagle.

NOTES and COMMENT

Hughes is now on his way east, with his memories of California hospitality, and of an invisible governor.

It is stated in the news that the heat ended a convention of religious societies. The statement leads to a certain line of reflection.

A despatch is headed "Chicago Brokers Stung." A follow-up perusal shows it was by regular bees. That is about the only kind that is possible.

After reading that the Russians have captured Zuyilovskanlo, one has a sort of contempt for their prowess as exemplified in the capturing of Mush.

The Market-street jits are abated during a part of the day, so that now one can break through and see how they are coming on the other side of the street.

Sixty architects clamor for a chance at the proposed state building. Which establishes that the long delay has not been from lack of plans.

The railway heads and the president appear to be busy figuring out how the expense of the compromise may be shifted to the public through increased freight and passenger rates.

The Chico Enterprise mixes baseball with more serious things, thus: "The captain of the Deutschland would be a great man on third in a pinch. When it comes to stealing home, he's there."

The fact that the ballots that were found had not been lost detracts from the sensation. But it would be more satisfactory if our elections could be pulled off without unusual incident or aftermath.

The war feeling is pretty well illustrated by the change that, was made in the name of a Canadian town from Berlin to Kitchener. The latter may not be euphonious but to Canadians it is patriotic and preferable.

Undignified item from the Petaluma Argus: "Speaking of freaky things, here's another. Over in Contra Costa county there is a candidate for the assembly who is still a member of the assembly from Alameda county. 'Whoops, my dear!'"

The public service commission of the State of Washington has made rulings that practically advance telephone rates. This is very likely to cause Vox Populi, Pro Bono Publico and sundry others to rise up and inquire what that commission is there for.

The president has formally written the San Francisco Commercial Club that it will be impossible for him to enjoy its hospitality, notwithstanding the assurance that must have accompanied the invitation that the club now has a crew of waiters that won't walk out just as the soup is to be served.

Goldfield Tribune: "The fall of Gorizia, as the Italians call the Austrian city recently captured, brings a series of confusing spells to war news readers. Some map makers spell it Goriz and Gortza, and despatches range from Gortzle, Gortsa to Gorizia. A suspension of the shooting in the city is needed to get the name on straight."

The Huntington Park Critic hit something beside the mark, and tells about it: "You never can tell where the shot is going to strike when you let go of both barrels of the gun. This was demonstrated when the Critic fired a shot last week at the Critic resident storekeepers. It appears that there are several such in our city, who by force of circumstances are compelled to live in Los Angeles, while doing business here."

Editor H. D. DeGaa of the Willows Transcript, at the editorial conference in San Francisco Friday, was asked how his fight for the assembly was progressing. He answered: "It's the darndest thing you ever saw. Here am I, 72 years of age, running for the assembly on one leg—a Republican leg. Then I have one opponent about 60 years old, who is running on two legs—a Republican and a Progressive leg. I have still another opponent, a young man in his twenties, running on three legs—a Republican leg, a Democratic leg and a Progressive leg. Now what chance have I got to beat these fellows?"

SPIRIT OF THE STATE PRESS

Hay growers of Patterson are still delayed in their shipments, owing to shortage of cars. The continued delay is causing much anxiety. The season is passing rapidly when it is safe to stack hay out of doors and every day puts longer faces on those who have hay to market. The crop this year is of fine quality and prices are very good.—Patterson Irrigator.

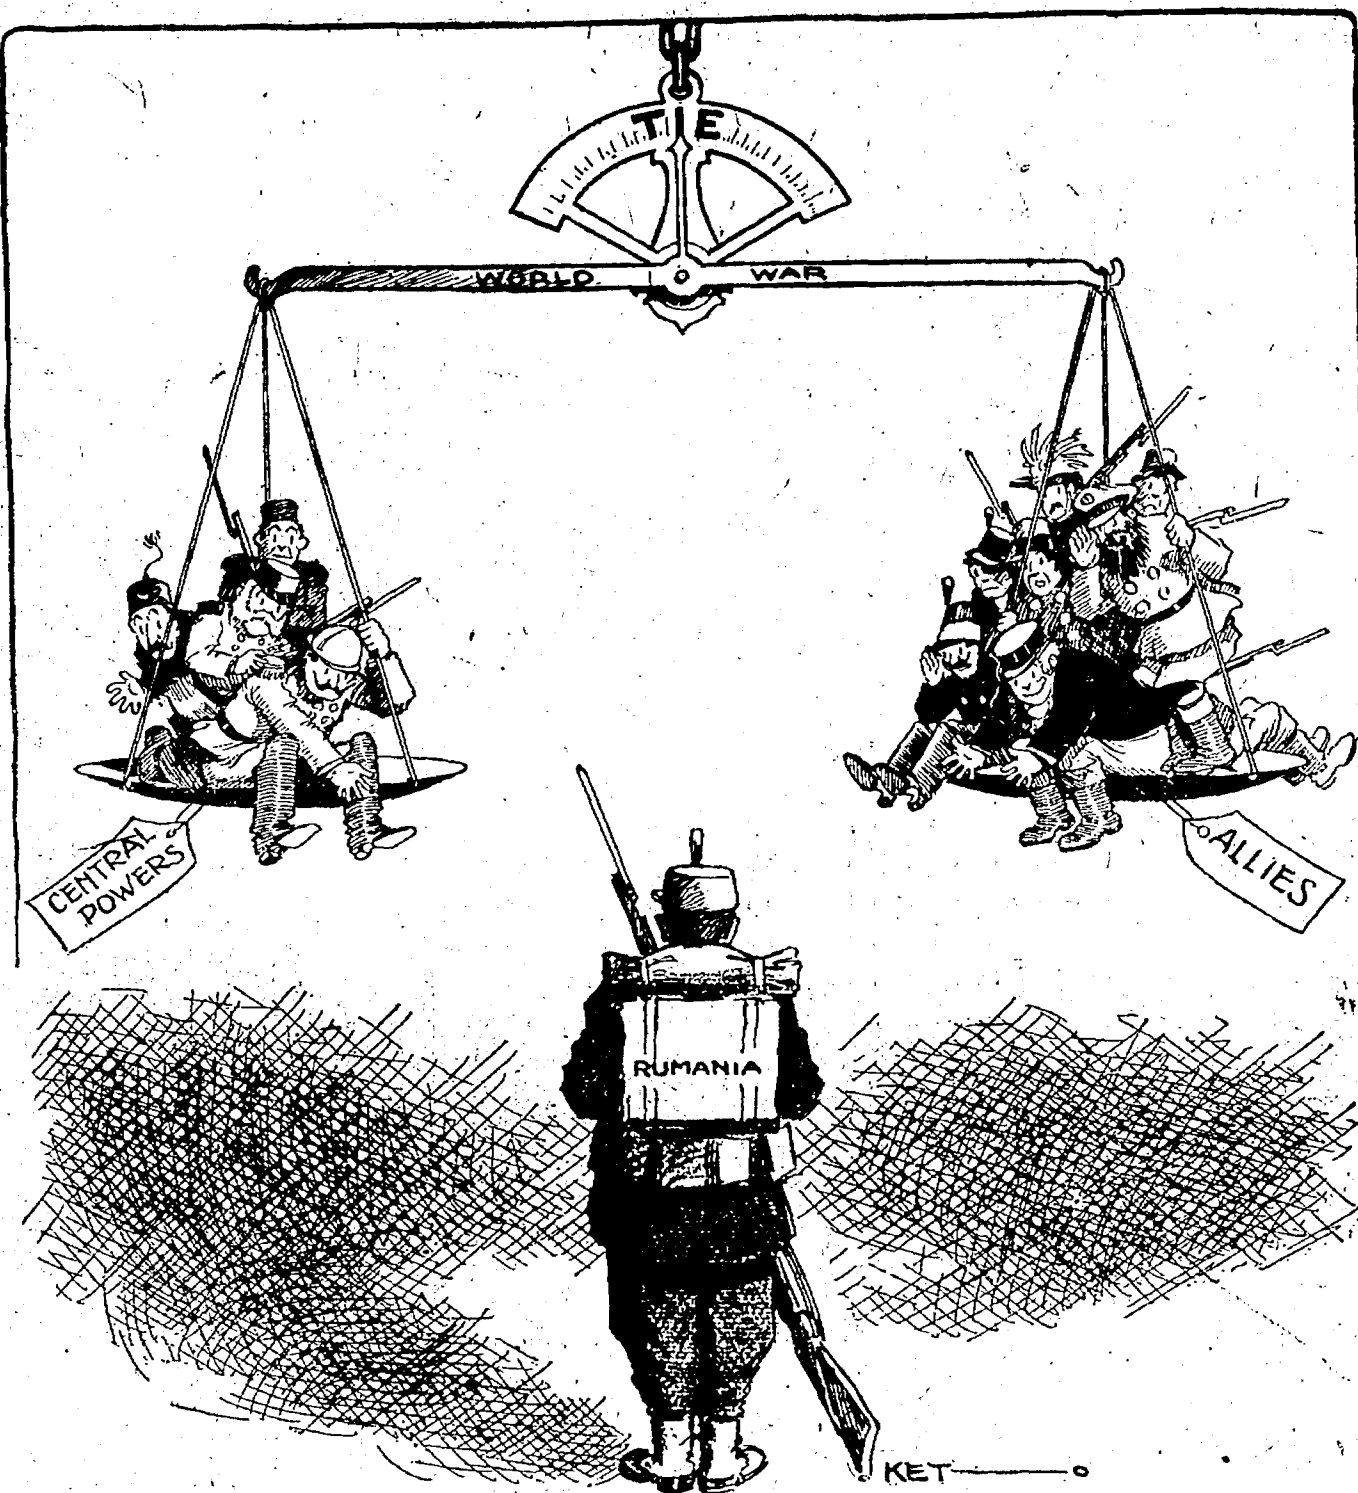

Doctors today placed a network of fine silver wires in the mouth of Miss Florence Moltoza, San Pablo girl, whose jaw was broken in a factory accident two weeks ago.—Richmond Record-Herald.

"Married to Two Millionaires When Law Allows but One" is a headline in the Chronicle. Divorce court news indicates that one millionaire is often more than the law allows.—Bakersfield Californian.

Edward Snell and Lester Tully each bagged a fine buck deer last Sunday up in the Blue Ridge country. They report hunting good up in that region, but one should go prepared to pack, as the country is pretty rough.—Los Banos Enterprise.

Dr. E. I. Cheeley vaccinated forty hogs Saturday for E. R. Gorman. Hog cholera this year is doing little damage, but stock raisers are the advisability of vaccinating as a preventive.—Holtville Tribune.

WAITING FOR THE SCALES TO TIP!

A MATTER OF DEGREE.

Sombody with nothing better to do has been looking up the college degrees bestowed upon the two candidates for the presidency. From this point of view the contest is by no means one-sided. Mr. Wilson has gathered only one Ph.D., one Litt.D., but has nine LL.D.'s. In the meantime Mr. Hughes, who was never president of anything in particular, has quietly collected eleven LL.D.'s. Their running mates are almost neck and neck. At present writing, Mr. Marshall is a note ahead, with five LL.D.'s; Mr. Fairbanks has only four, but may get another any day. Coming down to the managers, Mr. Willcox has one LL.D., while Mr. McCormick had to be content with a perfunctory M. A. Six men, with thirty LL.D.'s between them! All of which proves what many independents have maintained from the first—the difference between parties this year are a matter of degrees.—New York Evening Post.

A RARE REMEDY.

A Kansas physician says that malaria may be cured by a diet of rare beef. Possibly, but rare beef is more expensive now than a German drug.—Hartford Courant.

ALL IN ONE.

Sunset melts in the sky
While its glories still entice;
But you find it again
In a watermelon slice.

But you find it again
When the promise you would bind,
Rainbow fades from your sight
In a watermelon rind.

Earth will slip from your grasp
When you want it badly here,
But you find it again
In a watermelon sphere.
—McLanburgh Wilson, in the New York Sun.

GO OR STAY; IT COSTS.

Travel in this country is to cost more and the charges for carrying freights are to be higher after the railroad strike situation is settled. It will be impossible to change the schedule for nearly 1,000,000 men from ten to eight hours for a day's work without employing more men to do the same amount of work.—Worcester Telegram.

"SCRAPS" VALUABLE.

It is to be hoped no new international crisis will arise while the present shortage of white paper continues.—Kansas City Times.

THE JESTER.

He Knew.

Little Willie was playing one day with the girl next door, when the latter exclaimed:
"Don't you hear your mother calling you? That's three times she's done so. Aren't you going in?"
"Not yet," responded Willie, impatiently.

"Won't she whip you?" demanded the little girl, awed.
"No!" exclaimed Willie in disgust. "She ain't goin' to whip nobody! She's got company. So when I go in she'll just say, 'The poor little man has been so deaf since he's had the measles!'"—London Saturday Journal.

Young Men "Horse Shy."

The discovery is being made that many young men who have reached manhood in the last ten years do not know how to harness and attach the horse to the buggy, crank the beast, step on the horse starter, engage the clutch and get across the country under 1 horsepower.—Minneapolis Journal.

A Matter of Necessity.

"Got a chauffeur, eh? I thought you were averse to having one."
"I was; but you see our cook got married and we had to give her husband a job in order to keep her."—Exchange.

RIVALS CALL MEETING IN SCHOOL ROW

HAYWARD, Aug. 25.—Excitement and feeling were added to the Hayward Grammar School row today by the announcement of School Trustee F. J. Russell that a mass meeting will be held in the Woodman Hall Wednesday evening at the same time as the meeting called by Mrs. L. R. Rosenberg, one of Russell's opponents on the board. Both sessions will be in full swing at the same time within a stone's throw of each other and a lively time is expected.

The question of whether kindergarten, domestic science and manual training should be added to the grammar school curriculum will be discussed at each meeting.

School Trustees Mrs. Rosenberg and F. I. Lemos and Principal E. N. Mabrey want these subjects introduced and will speak in their favor at the Rosenberg meeting in the grammar school auditorium.

Trustee Russell is opposed to the introduction of the three subjects into the curriculum so long as Mabrey retains his position as principal. At each session the school district electorate will be invited to express its opinion on the subject.

EXCHANGE ACCUSATIONS.
Announcement of the Russell opposition meeting has considerably embittered the situation and has brought forth another exchange of accusations and personalities.

"We have called our meeting to checkmate the political move of the opposition, which is holding a meeting in an attempt to win over the electors," declared Russell. "We don't want any false impression to be gained by the people of the community in regard to this matter."

Russell mentioned as among his supporters in calling the meeting Jesse H. Woods, Rinaldo Reid, Nils Quis, H. H. Robinson, J. F. Correlle, S. C. Smith and J. H. Strobbridge. Charles M. Shortridge and Hugh Aldridge will be invited to speak.

Mrs. Rosenberg said: Personal spite has actuated those who called this opposition meeting. I had intended to express my views on the question of kindergarten, manual training and domestic science before a representative gathering of the citizens. Now, this opposition meeting, which may spoil my opportunity to explain my motives to a full turnout of the voters.

The speakers at the meeting in the grammar school auditorium will probably be Mrs. Rosenberg, F. I. Lemos and Principal Mabrey, whom Trustee Russell has accused of intention of ousting from office on the ground that he has been principal of the school. Mabrey is one of the principal issues in the school row.

SAYS TAX IS ISSUE.
That many of those who signed the protest to the supervisors against the school board's request to levy \$10,000 tax for the introduction of kindergarten, manual training and domestic science, were not opposed to Principal Mabrey and his proposals, but were merely against further taxation, was declared by Mrs. Rosenberg.

Owing to the inability of Mrs. Rosenberg and F. I. Lemos to attend a joint meeting of the Hayward and Mt. Eden school boards last night, the conference was postponed. The meeting had been called to discuss the legalizing of the attendance of children at the Mt. Eden school who lived in the Hayward school district.

MARKET DAY TO AID KIDDIES WILL REAP HARVEST FOR POOR

Balloon girls who will sell wares to throngs at Market Day celebration tomorrow. They are (left to right), NANCY PAGE, GLADYS OWEN and LORETTA HANNAN.

Booths Are Erected in City Hall Plaza

Booths are being erected for the West Oakland Harvest Home Market Day to be held tomorrow, and the City Hall Plaza begins to take on a holiday appearance. The wood workers are being rushed so that "saleswomen" and bazaar managers may have their chance to install food and salable wares.

The color and life in tomorrow's fair promises to assume all the appearance of an old European bazaar gathering, augmented by flowers and greens only grown in America. Groups of the younger girls will carry baskets of blossoms among the potential purchasers, besides selling Alameda county flowers in booths.

Commissioner William J. Bacus, Supervisor John F. Mullins and Walter D. Reed, local architect, have all contributed their bit to help. They have planned the booth arrangement and laid out the bazaar on blue print papers before the carpenters were set to work.

According to reports from the committees, donations are coming to the market in a steady stream. Merchants of Oakland and some in San Francisco, too, have aided by contributing goods. From advance indications the managers of the fair believe that a record sum will be obtained tomorrow, which will help keep the hundred or more children for another year in the West Oakland Home. Mrs. Daniel Webster, president of the home, is to be market director.

NORWEGIANS PURCHASE MORE SHIPS

Following the news of the purchase for \$3,200,000 of two 10,000-ton steel steamers now building at the Union Iron Works today, came additional news of further extensive building plans by Norwegian firms that have already added several big ship contracts to the jobs now under way in shipyards on the Pacific coast.

The two steamers have been purchased by a Norwegian firm. It is admitted by the Union Iron Works, although the names of the purchasers have been withheld for the time being. The vessels will be ready for delivery in February or March, according to the purchase agreement. The purchase price of each is \$1,600,000. The first of the vessels, which are not named yet, and are simply known as hull 138 and hull 139, will be launched on November 1, according to present plans. These two hulls are the first of the new steamships of steel construction being built at the Oakland plant.

MORE ORDERS.
In the meantime orders have been received from the R. Stolt-Nielsen Company of Hagesund, Norway, for more ships to be built in America, and from these orders Oakland will probably receive more construction contracts if local shipyards are able to handle the work. Contracts for four 9000-ton steel steamers have been awarded by the Norwegian firm in Seattle, and three new vessels of the same type have been ordered in New York.

Captain D. C. Dietrichson, here as representative of the Norwegian firm, is awaiting instructions as to whether

Wealthy Residents Become Detectives

Peninsula Set to Aid in Auto Vigilance

REDWOOD CITY, Aug. 25.—Determined to prevent a repetition of the death ten days ago of a youth by a speeding automobile which did not stop to give aid, fifty residents of San Mateo county, including some of the wealthiest citizens of the San Francisco peninsula have joined a volunteer "speed patrol." One woman, Mrs. James W. Goodwin, of this city already is wearing her special deputy sheriff's badge, strapped to her wrist, instead of a watch. Among the fifty men are Francis J. Cholan, Thomas A. Driscoll, Ed. Tobin, William H. Crocker, Herbert Fleischacker, J. Downey Harvey and Dr. W. Childster.

any more ships are to be built in Oakland. As the Norwegian firm has a number of boats yet to build it is probable that if the local yards can guarantee reasonable delivery some of the work will come here.

DEPENDS ON DELIVERY.
"It all depends on delivery and price," declared Captain Dietrichson. "And so far everything in Oakland has been very satisfactory." The Stolt-Nielsen ship now being built here was purchased soon after its construction was begun from the Rolph interests.

WEINSTOCK DRAWS FIRE OF FISH MEN

VALLLEJO, Aug. 25.—Resenting the announcement by the salmon canneries that the price for the golden-fleshed fish is to be cut from 6 cents a pound to 4 cents, the members of the South Vallejo fishing colony, about one hundred strong, went on a strike today, and announced in their turn that there will be no more fish caught until the normal price is resumed.

The strikers declare that the high price of nets, boats and paraphernalia of the piscatorial craft makes it impossible for them to submit to the cut of one cent a pound and earn enough money for living expenses. It is said that the fishermen of Rodeo, Martinez, Genola, Black Diamond, Antioch and Rio Vista are going to join the strike.

If the refusal of the net-haulers to work in the bay waters is concerted and long-continued, it will result in the failure of the attempt of Weinstock's Market Commission to lower the price of salmon. Canner managers declare that the fine hand of the Italian "fish trust" is to be seen in this strike—that it has simply been fomented by agents of the San Francisco organization in an attempt to keep the price of fish at a high level.

TAFT & PENNOYER COMPANY

New Fall Coats

Constantly Arriving
The Lines Are Ultra-smart—and Moderately Priced.
THERE ARE A GREAT MANY MODELS WORTHY OF SPECIAL MENTION.

Society News Views, Men and Women Cuts up for Kids

MRS. J. M. ATWELL, one of the contestants in the putting contest last Tuesday at the Sequoyah Country Club. Mr. and Mrs. Atwell have just returned from two weeks at Del Monte, where they spent much of their time on the links.

Quite the largest smart affair of the day was the reception given this afternoon in Claremont by Mrs. Harry Mann, wife of Mr. Mann, in honor of Mrs. Thomas Milton Putnam, the young Boston bride whom Dr. Putnam brought back with him when he returned from an extended eastern trip this summer. The two hundred or more who called to meet her included a large contingent from San Francisco, from the Piedmont set and from Berkeley where society has been waiting to welcome the newcomer.

Mrs. Putnam as Miss Madeline Stone, made several trips West before the announcement of her engagement last spring, and is well known here. At present, however, she has been too occupied with the supervision of a new place in Claremont to go about to many functions. This was the first social attention of a formal sort she had accepted.

Autumn leaves of russet and brown, with a myriad of fall flowers of yellow and gold and changing reds had been used with interesting effect for decorative factors throughout the reception rooms of the Wright residence in Claremont. In this setting Mrs. Wright was assisted in receiving by Mrs. Harry Mann, Mrs. Frank Simpson, Mrs. Luther Dinn, Mrs. Raymond Perry, Mrs. Benjamin McDougall, Mrs. Fred H. Henderson, Mrs. Vernon S. Hardy and Mrs. Randall.

Ten of the younger girls who assisted in the tea room included Miss Maud Mitchell, Miss Ferguson, Miss Katherine Whitton, Miss Juliet Perrin, Miss Catherine Woolsey, Miss Kathryn Bousfield and several others.

Later there will be many affairs for the bride of the dean of the lower division of the university, who is a most welcome addition to the faculty set.

A visitor in Berkeley this month is Mrs. William White, wife of Lieutenant William White, U. S. A., who arrived three weeks ago from Mexico where they have been stationed for the past two years. She is the house guest of Mrs. George P. Gray who has been entertaining informally for her at her home in Hillcrest road.

The Whites separated temporarily on landing, as Lieutenant White had been ordered, without leave of absence, to go straight to the border in Texas. Mrs. White took advantage of her coming to visit her mother, Mrs. Elliot Davis, in Stockton for a few days. Mrs. Davis, though she has many friends and acquaintances here, she is too busy preparing to go to El Paso, Texas, to more than say how do you do to them in a most informal fashion.

Among those who enjoyed a little tea at which Mrs. Gray presided yesterday were Mrs. Charles Dukes, Mrs. Elliot Davis, Mrs. W. H. Gray, Mrs. W. R. L. Campbell, Miss Bea Beemer and many others.

Several affairs for Miss Elizabeth Page, who is to marry Ralph Gorrell on September 12, will be given during the week before the wedding. One of these will be a luncheon at which Miss Marion Fitzhugh will preside as hostess on September 2 at her home in Broadway, San Francisco. Another is Miss Page's luncheon tomorrow in Berkeley.

On Tuesday, September 5, Mrs. Arthur Gorrell and Mrs. C. H. Gorrell will join in giving a large bride party for the popular young bride.

Market Day dawns tomorrow in the Civic Hall Plaza that has not yet been culled down by the vendors. There will be much purchasing of fruits and flowers, balloons and baskets of fortunes from the time four o'clock, of jams and jellies, American pie and sweet, and the products of prize vegetable gardens.

Fad there been more wares at the spring fair, the results financially would have been much more overwhelming than they were—successful as it proved. So the workers for the West Oakland Home expect to reap a noble fund for the maintenance of the home. They are prepared with rations for thousands.

Spectators with no thought of replenishing purses may purchase roses from the charming "Flowers" booth, or from young girls whose week days are given to college grind. Merchants who must eat will be served luncheon at long tables in the center of the plaza.

If you want better street car service SIGN the Chamber of Commerce Petition now being circulated by the Citizens' Committee, Federal building, Oakland.

In the stalls will be a hundred or more of the women who support local charitable enterprises, and who have contributed, many of them, much more than their service and influence.

There are to be fifteen booths, each with a dozen or more matrons and girls to act as saleswomen there during the day. The chairmen for these include:

Flowers and potted plants, Mrs. Willard Williamson and Mrs. Landers Redman; pies and cakes, Mrs. A. V. Clark; bread and crackers, Mrs. Samuel J. Evans; fruit, Mrs. Emil Fritsch and Mrs. Walter Morgan; coffee and sandwiches, Mrs. W. W. Blair; balloons, Mrs. E. J. Boyes and Mrs. Hampel; merchants' lunch, Mrs. E. Hoffmann; delicatessen, Mrs. Harry L. An-

G. A. R. VETERANS GATHER ONCE MORE

Fiftieth Annual Encampment Sees Warriors Again in Line.

KANSAS CITY, Aug. 25.—The vanguard of Civil war veterans began flocking into this city today for the fiftieth annual encampment of the Grand Army of the Republic, which opens here tomorrow.

Hotel lobbies were alive with war veterans and the boys of '61 did not seem to think it would be perhaps their last encampment, as many of the "youngsters" thought.

Boy Scouts mingled with the gray-haired warriors of Gettysburg and Shiloh. The lads in khaki acted as escorts and otherwise bustled themselves in the interests of the visitors. Every building in the downtown section was decorated with the national colors and the usual "Welcome" signs.

There seemed to be much speculation today as to the number of veterans that would march in the great parade Wednesday. Every old soldier already here insists he will be in line when the bugle starts the procession, no matter how high the mercury climbs.

The pie and cake booth is to have a mascot in the person of the infant son of Mr. and Mrs. Charles J. Hesseman, Charles J. Hesseman, Jr., Mrs. Hesseman is chairman of this stall of culinary chef d'oeuvres.

In the vegetable stall, where forces of vendors have been nearly doubled, Mrs. James Ellison will be in charge with the following assistants: Mrs. Peter J. Crosby, Mrs. William Angus, Mrs. C. L. Rhodes, Mrs. A. C. Phillips, Mrs. De Lameter, Mrs. Samuel S. Shepard, Mrs. Arthur Thompson, Mrs. Mollie Corners, Mrs. Ruth Kiser, Mrs. Frances Smith, Miss Ruth Crowell and Miss Nellie Schat.

There are to be a number of young girls in the fruit booth, including Miss Nancy Page, Miss Gladys Owen, Miss Bertha Fisher and half a dozen others of the set still at school.

At the merry dancing party at the Marin County Golf and Country Club last night seventy-five of the young people of Marin county and the bay cities enjoyed the hospitality of Mr. and Mrs. Seward B. McNear and Mr. and Mrs. Albert Dibble. There was one of the most enjoyed affairs of the late summer by the girls who must shortly go back to school.

Honors were shared by Miss Anne Dibble, Miss Ethel Lilley and Miss Amanda McNear, only one of whom makes her bow to society this season. Miss Lilley. The guests included, however, many Civil war veterans. Before the dance there were the usual number of dinners, and afterwards many lively house parties. The Civil war guests who will remain over the weekend, in order to attend the dance at which Mr. and Mrs. McNear will host Saturday evening in honor of their debutante daughter, Miss Alice Keeler.

Among the young people in the evening who enjoyed the affair were Miss Sally Long, Miss Amy Redin, Miss Jessie Knowles, Miss Julia Crocker, Miss Miriam Beaver, Miss Flora Miller, James Moffitt, Jerome Talant, Parrot McNear, Cyril McNear, Charles Crocker, Kittle Boyd and many others.

In honor of her mother, Mrs. Layfayette Fish of Berkeley, Mrs. Robert Noble Burgess entertained a coterie of friends at luncheon at the Mount Diablo Country Club. The party was given in honor of Contra Costa county hills followed. Among those who shared her hospitality were Mrs. Burgess, Mrs. C. L. Goddard, Mrs. Robert Marsh, Mrs. Walter Kellogg, Mrs. Charles E. Grant, Mrs. Charles Bancroft and Mrs. Milbank Johnson of Los Angeles.

Mrs. Raymond Arthur Perry will be hostess at a large bridge tea on September 1 at her home in Claremont. Several of the younger matrons will assist her in receiving at this affair.

Charles Keeler, the poet, was the honor guest at an interesting gathering last Wednesday evening at Hotel Shattuck with Mrs. Keeler. The poet was the number of the members of a club—now extinct—that once drew together many of the poets, musicians, the musicians and the appreciators of art at still remembered soirees. This was the Pen, Palette and Lyre Club, of which the poet was one of the members, together with Jack London, Herman Whitaker, William McJoy, Xavier Martinez and many others.

Mr. Keeler is just back from one tour and ready to start on another. His associates were especially glad to greet him. He himself recited a number of his verses. Madame de Grassi sang several as yet unpublished compositions written to words of the immortal Omar, and Mrs. Keeler, the poet's wife, also contributed to the impromptu program by describing in a most graphic manner how she had discovered in Madrid the chronicles of Spain that had been lost since the fifteenth century.

The Oakland New Century Club is giving a "newspaper day" next Friday at which Mrs. Bonita will be the speaker of the day. There will be a luncheon, followed by informal talks from various representatives of the press.

Mr. and Mrs. J. M. Clapp of Alameda entertained at a dinner party last Thursday evening in honor of Mrs. Elliot Stephens who is leaving shortly for New York.

KEEP HANDS OFF GREECE, SAYS KAISER

Unconfirmed Report From Rome Says Bulgars Are to Evacuate Territory Now Occupied; Obeying Orders

Enemy Center Is Yielding and Many Positions Are Being Seized and Held, Asserts the Serbian War Statement

LONDON, Aug. 25.—Germany has ordered the Bulgarians to discontinue their advance into and to evacuate occupied Greek territory, fearing Greece will be drawn into the war, according to an unconfirmed wireless despatch from Rome today. The German generals have refused to obey orders to evacuate eastern Macedonia before the Bulgarian advance, the despatch said. Instead of retreating, they have prepared to defend the eastern Macedonia forts.

The Greek government is said to have laid this information before Germany, adding that public indignation over the invasions has increased to such an extent that the government is no longer master of the situation. Upon receipt of this information, Germany ordered the Bulgarian withdrawal, it was stated.

The Rome report thus far is not confirmed from any other source, though it is a fact that only in eastern Macedonia have the Bulgarians continued their advance in the past forty-eight hours. After advancing nearly thirty miles into Greek territory and occupying Kastoria, the Bulgarian right wing made no further progress. Official despatches from German,

French and British offices attributed this halt to the stubborn Serbian resistance.

DISPATCHES AT VARIANCE.

The latest Athens despatches apparently contradict the Rome report, stating that the Greeks are evacuating the region around the city of Serres, under orders from the Greek government.

Budapest despatches reporting the concentration of large bodies of Russian troops on the Deserabian-Rumanian frontier, evidently with the purpose of crossing Rumania to invade Bulgaria and Hungary, aroused intense interest today. The Budapest newspaper Az Est was quoted as declaring that the Rumanian war party is becoming stronger and that the Rumanian government has made tentative preparations at the frontiers, making it easy for the Rumanian forces to co-operate with the Russians for the purpose of crossing Rumania to attack Bulgaria and Hungary.

Recent despatches from Berlin asserted that Russian, diplomats are bending their energies at present, not to obtaining Rumanian participation in the war, but to obtaining permission for Russian troops to cross Rumania to attack Bulgaria and Hungary.

The British and Bulgarians have been in touch on the Macedonian front northeast of Salonika. British troops, despite the Bulgarian fire, destroyed three bridges over the Angista, in the vicinity of Kuchuk, the war office announced tonight.

Successes against Bulgarians along the line of the Serbian front in Macedonia are reported in the Serbian official statement of August 22. The statement declares that the Serbian center was yielding to the Bulgarian pressure and that the positions previously designated for Serbian occupation were being seized and held by Serbian troops. The statement says:

On the right wing there has been an artillery duel developing successfully in the center and the Bulgarians are being pushed back gradually toward the frontier. We captured 203 men of the Third Bulgarian division. All the enemy's counter-attacks in the vicinity of the frontier and on the left wing were repulsed. The positions chosen by our headquarters are being occupied and held.

RAILWAY HEADS READY TO GRANT MEN 8-HOUR DAY

BY ROBERT J. BENDER.

(United Press Staff Correspondent.) Washington, Aug. 25.—The railroads are yielding to President Wilson's insistence on an eight-hour day.

Today found the railway presidents and managers, here to settle the dispute with the railroad brotherhoods and to avert the threatened strike, practically agreed that there is no other way to meet the crisis. But they are struggling desperately with the problem of providing an eight-hour day as the railroad workers demand.

Effort of the railway presidents was concentrated on the task of putting the railroad brotherhoods on the defensive. To this end they were declaring generally that this is the warning to you: no matter how careful of and—be his eyes. If you attend to what he dictates, it will mean not only a 21 per cent, but 100 per cent increase in your earning ability. But without them you would probably become a public charge, unable to perform the work upon which you so much depend. You can no longer expect your employers to pay you. Are your eyes failing you? If so, attend to them before it is too late, for when they once begin to weaken they will soon decrease your earning ability, and thereby put you in danger of losing your job.

Mayerle's New Double Vision Glasses combine both reading and distance corrections in one lens—avoiding the annoyance of changing glasses when you wish to see far or near. No experimenting. Every case is thoroughly and scientifically examined by Mayerle's new and exclusive methods.

Established 20 years. Mayerle's eye water freshens and strengthens the eyes. At druggists, 50c; by mail, 65c.

MERCHANTS SEEK TO LOWER BUDGET

Conference of Commissioners and Commerce Men May Lower Tax Rate.

A committee representing the Oakland Chamber of Commerce directors will meet with W. H. Edwards, commissioner of revenue and finance, and attempt to make certain changes in this year's budget so as to reduce, somewhat, the contemplated tax rate of 1.91. The rate is to be fixed by the city council next Monday.

The Chamber of Commerce directors yesterday decided that the budget is excessive in its arrangements, but that it could be reduced. A special committee headed by B. H. Pendleton reported on the matter, and its report was adopted. Roscoe D. Jones, president of the city service board; Commissioner Harry S. Anderson and E. W. Williams of the Alameda County Tax Association, are the members of the committee which will meet with Edwards in the discussion.

Anderson and Commissioner W. J. Rucous were present at yesterday's meeting. They explained that the proposed rate could be decreased if some of the contemplated street improvements were left out of the budget for this year.

In its report, the budget committee of the Chamber of Commerce made the following recommendations, which were adopted:

1. That there be a policy adopted and money appropriated for the further motorization of the five department and that this year's budget be appropriated the sum of \$50,000 for the completion of the first unit. Motorization saves 25 per cent in operative cost. When motorization is fully completed it should reduce the insurance rate 25 per cent.
2. That there should be a sum set aside in the levy to meet the initial payments on the Treasure Glen, Sather and Joaquin Mills properties to be ultimately acquired for park purposes.
3. That there should be a large appropriation for harbor development.
4. That there should be a policy adopted to complete the oil surfacing of the old water-bound macadam streets in two years. There are in the city of Oakland approximately 100 miles of old macadamized streets that cost for the watering and maintenance, \$171.31 per mile, per annum. Oiled surface streets cost \$13.25 per mile per annum to maintain. The cost of oil surfacing is \$975. It is evident that the oil surfacing street pays for itself in the reduced cost for maintenance in two years' time. This will require an appropriation of \$50,000 in a year.

"Comical Contest" for City Musicians

"A Comical Contest" will be a feature of the program announced for the Sunday concert of the Oakland municipal band in Lakeside park this week. In this, while one musician makes a serious attempt to provide music, the other instrumentalists laugh at his efforts melodiously and in sympathy. The program follows:

March, "More Fraternity".....Henry Fillmore
Overture, "Morning, Noon and Night".....Suppe
Waltz, "Estrellita".....Waldteufel
Grand Fantasia, "La Gioconda".....Thome
(a) Romance, "National Defense" (new)
(b) March, "National Defense" (new)
Grand Fantasia, "La Gioconda".....Ponchielli
Overture, "Orpheus".....Offenbach
"A Comical Contest".....Godfrey
Selection, "When Johnny Comes Marching Home".....Edwards
(a) Waltz Song, "My California Queen".....J. Gordon Temple
(b) "Badging".....Victor Herbert
March, "Spanish Fort".....T. P. Brooke

Court Hears Plea of Wife Against Shannon

The petition of Mrs. Ada Shannon to obtain a permanent injunction against Dr. J. M. Shannon from whom she is seeking a divorce, restraining him from disposing of any of their community property, valued at \$300,000, are being heard today by Superior Judge Trauco. Mrs. Shannon commenced her divorce August 5, alleging that her husband had transferred his affections to his office nurse, Miss Westover. Mrs. Shannon is at present stopping with her daughter in Richmond, while the doctor has gone to his mountain ranch.

CONFERENCE DATE SET FOR MEXICO

Representatives of U. S. Will Meet Carranza Delegates September 4.

MEXICO CITY, August 25.—James Linn Rodgers, the American representative to the Carranza government, formally announced to the preliminary conference of the representatives of the United States and Mexico for the settlement of international difficulties will open at the Biltmore in New York City, Monday, September 4.

The Mexican representative will probably arrive here today. The final conference, it is said, will be held some place on the New England coast.

Rodgers has been ordered by the State Department to accompany the Mexican commission. He will act as adviser to the American commissioners in regard to various details of Mexican affairs. The Mexican commissioners probably will go to the United States by way of Panama.

American affairs in Mexico will be left in the hands of Chas. B. Parker, who is now in charge of the records of the American embassy.

Prisoners Ask for San Quentin Training

San Quentin penitentiary as a penal institution and as an educational seat of learning are two different things as three former convicts told Superior Judge Ogden today.

Ed Baird, James Ceyner and Eldora Gonzales, who have been found guilty of second degree burglary, were up for sentence. They were all formerly in San Quentin, but were each sentenced to terms in Folsom prison.

"We have talked it over," they told the court through their spokesman, "and we have decided to ask for San Quentin again. We were enabled to learn something there and feel that if we are sent back there we can complete our education in the trades we started."

"You are all young men," responded the court, "and if you honestly desire to better your conditions your request is granted."

The defendants thanked Judge Ogden, stating that they will exert themselves in their new prison so that upon graduation they will be able to work at honest labor.

Pledges Legislation for Blind Academy

BERKELEY, Aug. 25.—Legislation affecting the welfare of the blind children of this state was the subject of the address of N. Bruce Brocklehurst, Republican, before the assemblyman from the forty-first district.

Brocklehurst, addressing a meeting of men and women interested in the welfare of these dependents, told of his plans for a pension law which will enable the adult blind to live at home in much more agreeable surroundings and at less expense to the state.

He advocated the separation of the schools for the deaf and for the blind and was conducted through the institution by a group of blind students, which made it imperative that such a separation take place.

He also advocated the passage of a bill which will make possible such a separation, and he pledged his support to the measure.

Armed Yacht Lost, Is British Report

LONDON, AUG. 25.—The admiralty announces that the German claim of having sunk a patrol boat in the neighborhood of the gulf of Alexandria doubtless refers to the British armed yacht Zaida, which was engaged in destroying petrol stores in the gulf. A Turkish report says four officers and nineteen men were taken prisoner. The fate of the remaining two officers and eight men is not known and it is assumed that they are lost.

The German claim referred to has not been published here. The Zaida was a yacht of 108 tons and prior to the war was owned by the Earl of Rosebury, formerly British premier.

Accused Woman Is Freed Upon Bonds

Mrs. Lida B. Simpson, charged with grand larceny by virtue of H. 12323, Seventh street, was released on a \$2,000 bond today, furnished by F. S. Osgood and Ormelida Curtis Harrison. Her hearing has been set for August 31 in Judge Mortimer Smith's court.

The woman, who is said to be the widow of a former professor at Stanford University, was arrested at the instance of Edelen, a broker, who claimed that she filled out a blank check bearing his signature for \$200 and used the amount for her own needs. He told the police that she was employed by him up to May, 1914, as a confidential secretary, and that he frequently left her blank signed checks to make payments on his brief expenses. Edelen believes that Mrs. Simpson kept the check in question and on July 17 of this year cashed the paper.

Senator Endeavors to Cut Paper Price

WASHINGTON, Aug. 25.—Senator Hitchcock, Democrat, proposed an amendment to the revenue bill intended to check the soaring prices of news print paper. "He said today he would bring it up in the Senate," he said. "The bill is up in the Senate," he said. "The bill is up in the Senate," he said.

Auto Registrations for Week Total 1000

SACRAMENTO, Aug. 25.—State automobile registrations are still climbing at a rapid rate, more than 1000 cars being added during the week. There are in operation 203,841 automobiles, according to H. A. French, superintendent of the motor vehicle department. The total receipts of the department are \$2,055,013.

HUGHES ENDORSED.
LITTLE ROCK, Ark., Aug. 25.—The Progressive State Central Committee yesterday endorsed the candidacy of Charles E. Hughes and Charles W. Fairbanks. John M. Parker's name was not mentioned at the meeting.

JUST THE THING FOR DIARRHOEA.
"About two years ago I had a severe case of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand and I was unable to do any work. I tried many remedies, but the first dose relieved me and within a day I was able to get on my feet. Many druggists recommend this remedy because they know that it is reliable. For sale by Osgood Bros. Drug Stores. Advertisement."

School Children to Wear Safety Badges

W. R. Humphries, of the "Safety First Week" general committee, was granted permission by the Board of Education last night to distribute badges about the various schools promoting personal safety. The badges to be given the children

will deal with the problems of fire protection, street accidents, and other forms of personal injury. Members of the committee will also be permitted to make addresses to the school children, and the writing of essays on the "safety first" question will be permitted.

G. E. Anderson asked the Board of Education to provide more schools for the Blumhurst district. The matter was referred to the committee of the whole

STANDRIDGE CURBS OAKS; MARTIN LOSES 3D STRAIGHT

"Calgary Pete." in Top Form,
Blanks Howard's Gang by
3-0 Score.

Pete Standridge, working in his best form, proved a bit too much for the Oaks yesterday, and "Speed" Martin was compelled to shoulder another defeat, 3 to 0. The Oaks "boy wonder" showed a lack of control, and was not as baffling in the pinches as he has proved most of the season. At that, he could have escaped with a bit better.

For the fourth time in four consecutive games, Standridge drove the Oaks to a 3-0 victory. The Oaks' pitcher, Cadman, played the ball wretchedly and missed the runner by several feet.

In the fifth, Martin's weak bouncer to the pitcher, Martin misjudged the bounce and permitted it to go over his head. Two more singles right behind enabled McClary to cross.

In the ninth, with Boyd performing, Martin doubled and McClary singled to right. Rube Gardner and Doc Crandall were sent up 25 pinch hitters in the eighth, and "Doc" came through with a hit to left, but he was held to the circuit by the Oaks.

Barreau to Gardner to Boyd. Left on base—Los Angeles, 2; Oakland, 1.

Time of game—1 hour and 45 minutes. Umpires—Foye and Doyle.

PLASH by Ernie Smith

Ludy Langer is the world's greatest middle distance swimmer. This arbitrary statement may seem somewhat far-fetched, but it is based on the fact that Langer has won the Pacific coast title in the 100 yard race, and has been named champion swimmer of the world by the International Amateur Athletic Union.

In such a unique field as swimming the Pacific coast has added its champion. Langer is a native of the Pacific coast, and has been named champion swimmer of the world by the International Amateur Athletic Union.

In 1908, J. Scott Leary, the Olympic club sprinter, went into the event minute for the first time in standard 100 yard swimming competition. At the St. Louis exposition, he won the 100 yard race from the fastest swimmers in the world. Leary's records still stand in many races, and today he is one of the coast's greatest authorities of things aquatic.

Langer this season has done what Duke Kahanamoku failed to do, namely, to invade successfully the 440 yard national open water title race he showed his glistering heels to Vollmer and Ted Cann, the New York Athletic club's champion. He performed the feat at Traver's Island, the home course of the New York boys.

Later he won the Chicago 880 yard race from the famed middle western champion, Brown, by 20 yards. Baum, established himself as the world's most wonderful middle distance swimmer, the champion of the United States today is the champion of the world. Hodgson, Canada's champion is bearing his country's colors at the front and Longworth of Australia has retired.

Langer is 22, of Teutonic extraction, a graduate of the University of California, and a fellow who does not regard swimming as the ultimate aim of his life. He was an honor man in civil engineering at the University, being as thorough in the matter of finding the tensile strength of a girder as he is in training for a race. He won a host of friends in the east, not because of his aquatic prowess, but because of his attractive personality and modest carriage.

Langer is an athlete of whom California cannot boast too much, and who deserves the admiration of all of the western athletic world.

AMATEUR BASEBALL

AMBROSE TAILORS WIN. The Ambrose Tailors were in their old style last Sunday, and easily disposed of the Pretorians of Albany. Hard hitting by the Tailors was the main feature of the game. The final score was 11 to 6. Schreiber, rightfielder of the Ambrose team, slugged out a home run, and a double, and was the star of the game. "Beany" Martin stepped into the game as an Eddie Collins and made several pretty hits.

Both pitchers were hit hard, though. Schreiber was more effective than his brother in the pinches. The score:

AMBROSE	PRETORIANS
1	0
2	0
3	0
4	0
5	0
6	0
7	0
8	0
9	0
Totals	11

Summary: Struck out—By Bannick, 5.

Errors—Schreiber, 1; Bannick, 1.

Base hits—Off Schreiber, 2; off Bannick, 1.

Double play—Schreiber to Bannick to Schreiber.

Barreau to Bannick to Boyd. Left on base—Los Angeles, 2; Oakland, 1.

Time of game—1 hour and 45 minutes. Umpires—Foye and Doyle.

NOTICE OF NON-RESPONSIBILITY.

I, the undersigned, have bought the grocery store located at 1208 E. 14th st., in no way responsible for any debts or obligations contracted hereafter by anyone presenting on or before August 25, 1916, presented on or before August 25, 1916.

(Signed) F. M. SCOTT.

DOCK & BECK

Wrecker Salver, which has been working on the steamship Bear, lost Eureka today with two sand pumps and another large anchor. A contract has been awarded to Bert Robinson of Fortuna to float the vessel. He has already moved the Bear thirty-one feet at one time and ten feet at another. If he succeeds in floating her he is to receive \$10,000 for his work.

KUSKOKWIN RIVER. Powers schooner, Kuskokwin River sailed again yesterday for Kuskokwin river, Alaska, with a full cargo of merchandise. The schooner was built in Seattle and started on her first voyage. She reached as far as Kodiak Island, having lost both of her propellers. She was sent to her assistance and brought her to Seattle, where new wheels were installed.

British steamer Atlantic City, Captain MacArthur, arrived at Seattle yesterday from Norfolk, after a passage of twenty-four days. She will discharge her cargo of lumber for the west coast.

TRANSPORT CROOK HERE FROM ALASKA. Transport Crook made a round trip from Alaska to Seattle yesterday on a cargo of provisions for the game place. This will be her last Alaska voyage. She will return to Alaska to resume her run to Manila. The government is trying hard to get the winter supply of Alaska early before the open season.

GOVERNMENT CHARTERS REFRIGERATOR SHIP. Cold storage steamer Ellhu Thompson has been chartered by the United States government for a trip to the Pribilof Islands in Alaska. She will take winter supplies to the natives and deliver the surplus to the government. She is the only refrigerating steamer owned by the Pacific Coast and is under command of Captain James H. Thompson.

CHANGES OF MASTERS. RECORDED ON BOARD. United States custom house today: Steamer Mayfair, Captain James H. Thompson, from Alaska to Seattle; Steamer Mayfair, Captain James H. Thompson, from Alaska to Seattle; Steamer Mayfair, Captain James H. Thompson, from Alaska to Seattle.

FIRST OF PACKER. FLEE SAILS HOME. The first of the packers' fleet sailed from Bristol Bay, Alaska, today with a cargo of 60,000 cases of salmon and about 200 men. The packers' fleet is the first of the Alaska Packers' fleet to leave for home. Last season the Star of Italy arrived home on the 25th of August.

News of the Ports

SANITARY TAX IS FIXED FOR YEAR

Melrose Districts to Pay on
Bonds for Sewers; Council
Hears Plans.

Sitting as board members of the Melrose sanitary districts, the city commissioners today fixed the tax rate in Melrose districts 1 and 2 for the fiscal year 1916-17. In district No. 1 the tax is to be eight cents on the \$100 valuation, while in No. 2 it is to be six cents. This tax is for the payment of bonds issued for the installation of a sanitary system.

W. J. Baccus, street commissioner, filed a letter with the council recommending the construction of a storm sewer in Fifth avenue, from Garfield street to the bay. The work, he says, will cost \$10,000, half of which cost would be assessed to the property owners of the district benefited.

Dr. Carl Waller appeared before the council as the representative of the United Improvement Clubs East of Lake Merritt to protest against an increase of the tax rate and to ask that no money be apportioned to a fund for the purchase of park lands. A communication from the Santa Fe Improvement Association, asking the council to adopt a resolution permitting the "Safety First Week" committee to place street lamps and on trolley wire supports.

Clubman Gets Alimony Account Cut in Half

SAN FRANCISCO, Aug. 25.—Oliver M. Rousseau, clubman, before Superior Judge Deasy today, denied he was an architect and was wealthy, and declared that he worked as a draftsman at \$150 a month for the firm of Rousseau & Rousseau. In consequence the court cut in half the request for \$200 temporary alimony asked by Mrs. Irene Rousseau, who is suing for separate maintenance.

WHAT IS DOING TO NIGHT

Mothers' Club gives dance, Durant School.

State primary election.
Annual freshman-sophomore contests, California Oval, 2 p. m.
Aashmes Temple entertains at dinner, Hotel Oakland.
Hanna Council, Y. L. L., give Yama

CENTRAL COUNTIES TO VISIT OAKLAND

State Fair Committee Plans
Big Excursion to Local
Exhibit.

Phone bells began ringing and captains of divisions began answering when a telegram arrived at the Chamber of Commerce yesterday.
Then the phones were started ringing again. Captains called up lieutenants and lieutenants called up divisions and soon the combined committees of the "Try Oakland First" week heard the news.
Here it is:
At a meeting of the Citizens' State Fair Committee held this evening Charles Heeseman and the committee suggested that our excursion to Oakland be postponed until the week of the Industrial Exhibit in the Auditorium. Citizens' State Fair Committee, in conjunction with Chamber of Commerce, will endeavor to get up a large excursion, and would like very much to have set aside one day to be known as Sacramento Day. We will expect a much larger crowd. We trust that your day at the State Fair will be largely attended.
CITIZENS' STATE FAIR COMMITTEE.

L. F. BREUNER, Chairman.
Now the committees are all agog. Arrangements have been made for the official visit of the City of Oakland to Fresno and Modesto. A return visit from the south is now assured, and it is anticipated that the entire center of the state will be represented on "Try Oakland First" week, September 23 to 30.
Yama dance, St. Joseph's Hall, San Leandro.
Starcher Social, Political and Improvement Club holds "open house," evening.

Three Poisoned by Mosquito Stings

Two Women and Man
Marooned on Isle

PINEBROOK, N. J., Aug. 25.—Poisoned by the stings of thousands of mosquitoes and narrowly rescued from a terrible death, two Brooklyn school teachers, Catherine Novette and Caroline Meyer, and Adolph Goodman of Caldwell, N. J., are in a critical condition today. The three were marooned on a swampy island in the Passaic river when their canoe upset.

Truman Named by Funeral Directors

Charles H. J. Truman, a director of the Oakland Merchants' Exchange, was elected yesterday first vice-president of the California Funeral Directors' Association, now in session in annual convention at San Diego. The officers chosen for the coming year are as follows: President, John K. Kelly, Marysville; first vice-president, Charles H. J. Truman of Oakland; second vice-president, B. A. B. Stephens of Pasadena; secretary, H. W. Maas of San Francisco; treasurer, Frank Welt of Santa Rosa; sergeant-at-arms, Clarence N. Cooper of Oakland. The next convention will be held in Marysville. This year's convention was the greatest in the history of the organization and several hundred delegates from all sections of the state were in attendance.

Love Troths Broken; Couples Seek Divorce

Because Walter Miller accused his wife Lena of having faked her pregnancy at the time they were married and then of seeking to obtain large sums of money from her as circumstances alleged by her in a suit for divorce filed today. Later, she says, he sought to obtain \$1000 from her and when she gave him only \$500 he became angry. The couple were married in Visalia in December, 1915.
When Merle Morehouse remained over night with her mother in Alameda, Frank B. Morehouse, 1330 Fifteenth avenue, San Francisco, telephoned to her that she need not return to their home, according to her divorced complaint.
Alma G. Harris, wife of an Oakland commission merchant, has filed an answer and cross complaint to his divorce action in which she denies she made efforts to embarrass him.

Thief Steals Suit and Pressing Iron

A valuable Swiss watch, the property of M. C. Cader, who is employed at 271 Twelfth street, was taken from the man's vest pocket, and police aid has been asked for its recovery. The timepiece is valued at \$134.
Room this was also reported to the central station. A. Sutherland, 1807 San Pablo avenue, complaining that his apartment was entered and a suit of clothes taken, and Harry E. Wright, 1835 Alice street, reporting that a kodak, a revolver, an electric iron and a suit of clothes were taken from his room.
Coin to the value of \$21.20 and jewelry were taken from the home of A. Kokot, 1682 Pacific street, while the occupants were absent. The police are working on the case.

Lad Shocked by Iron Lawn Post

When Richard Tazer, 6 years old, grasped an iron pipe set across an angle on the O'Connell apartments' lawn, at Forty-first and Montgomery streets, he received an electric shock. The lad's mother called the police, who found that a house wire had been connected with the pipe. The wire was removed.
According to the police, R. B. Walden, janitor in the apartment house, made the connection. Richard lives at 402 Broadway. No arrests have been made.

If you want better street car service SIGN the Charter Amendment Petitions now being circulated by the Citizens' Committee, Federal building, Oakland.

COMFORTS HALTED UNTIL WAR ENDS

English Suspend Many Activities Formerly Thought
Quite Necessary.

LONDON, Aug. 25.—One by one the great war has whittled down a whole list of comforts, services, pleasures and so-called necessities of life that the twentieth century thought indispensable. But no grumbling is heard now that the people have adjusted themselves to the changed conditions.
Two years ago the English people were all travelers. The magic carpet lay waiting outside the door of the humblest citizen with a ten pound note. "A Week in Lovely Lucerne for Five Pounds" was within the ambition of the poorest worker. At Christmas winter sport holiday makers packed the English channel boats even more than they were packed at Easter or in the summer.
For two years now not a single Englishman or Englishwoman, unless on "strict business only," has been able to leave these shores for the continent. Two years ago the Londoner could pass Boulogne or Ostend in a twenty-four hours' jaunt. Today those trifle familiar towns have become as far off as Lhasa or Yarkand.

Home travel, too, has suffered. Seventeen cross-country train services have disappeared. The people who live on these routes are experiencing restrictions of movement tighter than those that kept at home their ancestors of the stone age days.
Main line services have been cut down so gradually that people scarcely realize how much they have been curtailed. They have become used to few and far between long distance trains, no dining cars and slower services. People ignore discomforts and delays that a few years ago would have sent flaming letters to the managements and the newspapers.

WHAT IS AUTO- INTOXICATION?

The best and clearest definition is "Self-intoxication, or poisoning by compounds produced internally by oneself."
Physicians agree that 95 per cent of all illness is due to this cause, brought on by accumulated waste in the Lower Intestine.
The one sure, natural and safe way to keep the intestine clean and free from this waste is by an occasional internal bath with simple warm water given by the "T. B. Cascade."
You will be astonished at your feelings the morning after taking an internal bath by means of the "T. B. Cascade." You will feel bright, brisk, confident and as though everything is "working right"—and it is.
Half a million Americans are now using this method with resulting better health and greater vigor. This method will be explained to you by The Owl Drug Co., who will also give you a most interesting book, free, on the subject by an eminent specialist. Ask or send for this booklet, called "Why Man of Today Is Only 50 Per Cent Efficient," while it is on your mind.—Advertisement.

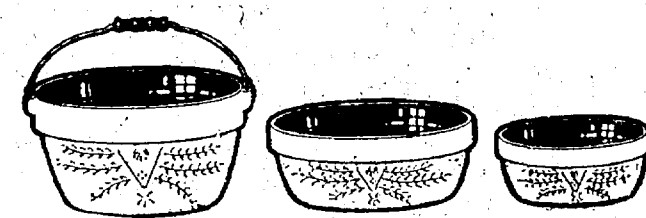

Taft to Speak for Republican Cause

NEW YORK, August 25.—Chairman Willcox of the Republican National Committee announced today that former President Taft will make a number of speeches during the campaign, probably in October, the places to be determined later.

Hubbell Is Named by New Mexico C. O. P.

SANTA FE, New Mex., August 25.—Frank A. Hubbell was unanimously nominated to succeed U. S. Senator Thos. B. Catron today by the State Republican convention. Catron received 96 votes for renomination and Hubbell 135, which was subsequently made unanimous.

Coats

Ingenious in design to which all the elegance
of 1916-17 notions has been imparted—of
that quality characteristic of Coats double
their prices elsewhere.

\$25.00

\$47.50

\$16.00

A superior Velour in
Navy, Brown, Green
and Black with velvet
trimmed collar and cuffs.
A large full sweep, is
featured; also with the
new college pocket and
convertible collar.

This one in select Baf-
fin seal with chase bea-
ver trimming. The large
collar, like the fullness,
lifts it out of the rut of
the common-place coat.

One of the season's
favorite models of the
belted type in Wool
Velour. May be had in
Mixtures and Tweeds,
with or without belt.
Conspicuously full cut.

The Styles and the Quality Are Representa-
tive of Coats You'll Recognize as Leaders

—and these are no less worthy your attention than the loads of other coats we
show tomorrow.
